For a person to put his thoughts into words is a difficult task if you were to remember that that person is a troglodyte who is therefore more psychically inclined than his urban contemporary.

America will soon face a downfall so abysmal, that she will never recover from it. This statement is based on several observations and incidents that the writer experienced

1.
The American politician leads his people through any course that he wants them to - this is possible because the people ~~to~~ lack the initiative, ~~or~~ or are indifferent to the actions of their leaders. Their leaders say: you have the right to speak against your govt, ~~to~~ and support.

It's changeover - but remember - ~~though~~ Democratic means Only - if otherwise we will blast the hell out of you - and besides, you wouldn't want to do anything like that, it is stupid, costly and wasteful. Just let us run the country hire our relatives to work for us - and earn fat checks -
