Sirhan Gun Box

"This is Sirhan's <sup>GUN</sup> Box Gun"

1 A I had already used all the bullets that were  
2 in the boxes. I could have cleaned, in the process of  
3 cleaning up my part of the counter, some of these boxes.

4 Q Approximately how many?

5 A I don't remember, sir.

6 Q And there was a box partially with some  
7 bullets in it?

8 A I don't remember, Mr. Cooper.

9 Q Plus the number that were in your gun?

10 A Yes, sir.

11 Q And your gun carried eight bullets?

12 A Eight rounds, yes, sir.

13 Q Now, when you finished shooting where did you  
14 put your revolver in your automobile?

15 A I put it in the back seat of my car, sir.

16 Q Open where it could be seen?

17 A Where it could be seen.

18 Q Why did you do that?

19 A I had no reason, sir, to hide it.

20 Q Well, did you ever hear of any law about that,  
21 about carrying a concealed weapon?

22 A Yes, sir.

23 Q And there was some reason why you kept your  
24 gun on the seat?

25 A If I was stopped for a traffic ticket or  
26 questioned about it, it was right there out in the open.
