

⑤ Kassab et al

The following report is a condensed summary of the Kassab investigation as outlined in the chart accompanying this report.

During the early months of 1962, Los Angeles Police Officers M.A. McGowan, D. G. Rickards and three other officers entered into a sham real estate purchasing venture with Officer Latham whereby they received from \$75.00 to \$250.00 for each transaction that they entered into with him. Latham was the go-between the officers and David Kassab, a non-licensed real estate salesman. Kassab applied for purchase of approximately 100 homes in the San Fernando Valley for a sum of \$18,200.00 each. Individual escrows were immediately opened on each house. The officers acting as "dummy" buyers applied for new loans based on an inflated price. In some cases, second trust deeds were sold to unsuspecting buyers before title was cleared through escrow. When the "non-sufficient funds" checks, submitted by the officers earlier as down payment on the property bounced, Kassab would buy back the second trust deed at a 50 per cent discount on the pretext that a foreclosure was imminent.

David Kassab was born in Bagdad, Iraq. He is the third of seven children who was forced, with his parents, to flee their homeland because of anti-Jewish feelings in that country. He and his family lived in Bagdad from 1940 to 1948. During the years of 1948 and 1949 his family lived in Urban Teheran, Iran. He came to the United States in 1949 and has been living in Los Angeles ever since. He has been in the real estate business since 1955.

Kassab's arrest record dates back to August 28, 1959 when he was arrested for grand theft. This case involved a

308

a travel agency sham with a co-defendant, George Dimitrovich. Both were doing business under the name of Europa Travel. They advertised air transportation at greatly reduced rates. The prospectus was that a plane would be leased from a Mexican Airline and flights would operate to Europe from Mexico. The round trip flight was advertised at \$545.00. Both David Kassab and Dimitrovich collected over \$30,000.00 from 80 UCLA students. They pocketed the money and did not fulfill their contract. Intelligence reports indicated that both David Kassab and Dimitrovich were probably in partnership with Joe Sica, in this travel agency. Although there were strong indications of the Sica connection, positive proof could not be established.

Working with David Kassab, while involved in the home buying sham, was Dr. Stanley Dubrin. Dubrin listed himself as the Vice-president of the American Nile Corporation, a real estate office. David Kassab listed himself as a co-owner of that Corporation. Other Kassab family members affiliated themselves with that organization as did several relatives of the Kassab Clan.

Dr. Stanley Dubrin's arrest record dates back to February 28, 1963 when he was charged with grand theft. In this case, a first trust deed was inadvertently reconveyed to him. Although he had knowledge of this error, he sold the property as "free and clear," then dissipated the funds. On October 14, 1966, Dubrin was arrested for the crime of abortion but was released due to insufficient evidence. On June 14, 1963, the Los

309

Angeles Police Department was advised that Dr. Dubrin had propositioned an ex-convict to murder his ex-wife, Kathy Dubrin, aka, Ink. Dubrin was not brought to trial or arrested for this solicitation of murder due to the informants lack of cooperation with the investigators. Without that persons testimony, a case could not be established.

In 1966, Dubrin rented office space from Joe M. Arnoff the owner of the "Big A" stores at 8341 Conoga Blvd., Conoga Park, in connection with his medical practice. Dubrin and Arnoff have been close friends since 1962. He was also the Arnoff family physician.

Arnoff eventually went bankrupt at the "Big A" stores and severed his business relationship with Dr. Dubrin. Both, however, remained on friendly terms and still meet socially on occasion.

Arnoff was introduced to David Kassab by Dr. Dubrin but did not become acquainted any further.

Arnoff was involved in the bribery case concerning Councilman Tom Shepard to the extent that he, Arnoff, was one of the owners of a seven acre parcel of land in Conoga Park which was rezoned in 1964 for the purpose of constructing multiple dwelling units. Councilman Shepard was later indicted on bribery charges in connection with this rezoning. Arnoff owned 45 per cent of the building corporation stock.

3/0

Another figure in the Shepard case was Wallace White who received 45 per cent of the corporation's stock for putting up the initial cash investment. Arthur Toll, the attorney for this corporation, received five per cent of the stock as his fee for legal services rendered. Gerald Chase, a C.P.A., received the remaining five per cent for handling the tax account of the same corporation.

Gerald Chase is a business partner in the accounting firm of Chase, Bierman and Dunn at 280 S. Beverly Drive, Suite 402, Beverly Hills, California. Chase was also the accountant for Arnoff while the latter was doing business at the "Big A" stores. Both parties terminated their business association during March 1965. Their relationship at that time was strictly business. They never became close friends. At present, Chase is suing Arnoff for back pay owed to him during the time he was handling the "Big A" account.

Among the numerous tax accounts that Gerald Chase handles is a person named Jim Braden. He has handled Braden's Empire Oil Corporation account since 1963 or 1964.

Note: See the detailed report of Braden's entire investigation at the end of this report.

Braden has been associated with Victor Pereira for numerous years. Both were sent to federal prison for grand theft. In this case, both had conspired to bilk Pereira's former wife out of a large sum of money. Both Pereira and Braden are acquainted with the Smaldone Brothers who belong to the "Mafia."

311

Another mutual acquaintance of Braden and Pereira was a person named Arthur Clark Sr., who is now deceased. Clark was a former member of the Old Detroit Purple Gang. Pereira, when released from prison, was given employment by Earl Scheib of the car painting fame. Intelligence reports indicate that Pereira was also associated with Paul Billings who was closely associated with Mafia members such as the Battaglia Brothers. In 1962, Pereira had an active financial interest in a New York business firm named Growth Industries. He handled new stock issues for Accurate Electronics. He sold Fred and Alfred Sica \$4500.00 worth of this stock and retained the shares in his name. Investigation indicated that this was a hoodlum operated company headed by the Colletti Brothers.

The background investigation of Officers Latham and Rickards indicated that they were active members of the John Birch Society in 1963. The John Birch Chapter in the North Hollywood area, was closely associated with the Minutemen Society of which Edgar Eugene Bradley, Carole Aydelotte, Arthur Aydelotte, Keith Gilbert, Dennis Mower, Phillip Scheib and other right wing extremists were members.

In checking the background of these Minutemen members, Officer C.E. White's names was mentioned as a friend of Keith Duane Gilbert. On February 25, 1965, 1400 pounds of stolen dynamite was located in Gilbert's garage apartment at 419 Western, Glendale, California. The owner of the residence who lived in the front house was Bernice Iverson, the sister of Officer White. During an interview with White, by the investigating officers in the dynamite burglary

312

case, he admitted his acquaintance with Gilbert. He also admitted attending a Minutemen rally several months prior where Troy Houghton, the West Coast Director of the Minutemen, spoke. He also admitted knowing Dennis Mower, a militant Minuteman.

An investigation into Gilbert's background indicated that a business card with the inscription "Michael Wayne, Promoter" was found in Gilbert's residence when the dynamite was located.

This Michael Wayne, it was speculated by this investigator, was the same young male Caucasian who was at the Ambassador Hotel June 5, 1968 when Senator Kennedy was shot. Shortly after the shooting, Michael Wayne was seen running from the kitchen area and subsequently stopped and later questioned by Los Angeles Police Detectives. During that interrogation, it was noted that he was in possession of a card bearing the name of Keith Gilbert. Due to the fact that Gilbert was an extremist in the right wing organization and Michael Wayne was seen running from the scene of the shooting, an intensive investigation was conducted to determine their association.

On April 1, 1968, Gilbert was interviewed in San Quentin prison with reference to Wayne's business card and his connection with ultra-extremist groups. Gilbert admitted his own membership in the Minutemen Society, but could not recall the persons who gave him the business card with Wayne's name. Gilbert indicated that he had acquired numerous business cards while in the firearms business in which he and another Minuteman, Robert R. Romero were partners.

Note: Although Wayne's card was one of many found in Gilbert's residence, at the time of the dynamite discovery, the name Wayne could not be found among any of Gilbert's other papers.

Gilbert, it was noted, was anxious to be truthful with this investigator as his parole investigating officer was present during this interview. Gilbert stated he did not want to lie and hurt his chances for an early parole.

Gilbert, it was learned earlier, wrote a letter to Senator R.F. Kennedy on March 1, 1967 from San Quentin prison. In that letter, he stated that he was a member of the Minutemen Organization and had vital information connecting Lee Harvey Oswald to the Minutemen. When questioned about this letter, Gilbert stated that he had received this information from Dennis Mower and that he, Gilbert, did not have actual knowledge that Oswald was a Minuteman.

Numerous photographs were shown to Gilbert which included persons he definitely knew. Among these pictures was a photograph of Michael Wayne. Gilbert identified all the photographs that the investigator knew Gilbert was associated with. However, he failed to identify a picture of Michael Wayne. He emphatically denied having ever met Michael Wayne but added that he probably received the business card from one of many people he met at a gun show in Yuma, Arizona.

Additionally, Gilbert related that Dennis Mower had informed him that Edgar Eugene Bradley had been involved in a murder of a person known as Dallas Roquemore, whose death had been listed as suicide.

324

A later investigation into this allegation revealed that Roquemore, an acquaintance of Bradley, was shot and accidentally killed by Frank A. Austin in Weaverville, California on January 4, 1964. An investigation by the Weaverville Sheriff's office and a polygraph examination proved beyond a doubt that the shooting was accidental. Edgar Eugene Bradley was in Southern California at the time of that shooting.

Michael Wayne was reinterviewed on April 1, 1969 to determine his knowledge of the "Wayne" card found at Gilbert's residence and also of Gilbert's card found in his possession on the morning of June 5, 1968.

Wayne was administered a polygraph examination by Lt. E. Hernandez in which he was asked about the business cards and about his running from the scene of the shooting at the Ambassador Hotel. Lt. Hernandez stated that in his opinion, Wayne was being truthful when he replied that he did not know Gilbert, nor had he ever given him a business card, nor had he ever had a business card bearing his own name. He could not recall how he obtained Gilbert's card, nor who had given it to him. The polygraph examination also indicated he was truthful in replying that he had never been a member of the Minutemen, nor was he associated with them.

During an investigation into the membership of the Minutemen Society in North Hollywood area, it was learned that Phillip Scheib was also a member. Phillip Scheib is the son of Earl Scheib. Phillip Scheib was also a personal friend of Officer C.E. White.

325

Earl Scheib was a close associate of Victor Pereira and of Paul Billings, who had Mafia connections. Earl Scheib's background indicates close ties with numerous other underworld figures such as the Sica Brothers, Jim Braden, Anthony Tuccelli, Harold Metzger, Vincent J. Meallo and numerous others.

Joe Sica, a Mafia member, is known to have associated with Karl Hoogoian who is a member of the Board of Directors of the San Fernando Valley Rubbish Collectors Association. Hoogoian in turn was known to associate with David Kassab.

Russel E. Parsons, the attorney for Sirhan B. Sirhan, is known to have associated with Joe Sica in the past. Besides being the Sica attorney, indications are that Parsons was a personal friend of the Sicas.

In 1966, Parsons defended Michael McCowan in the latter's criminal retrial when he was charged with "theft of U.S. mail." McCowan was convicted and received a probation sentence of three years. Shortly after Parsons was retained as the attorney for Sirhan B. Sirhan, he contacted Michael McCowan and hired him as a chief investigator for the defense in that case.

The following is a detailed report on the background investigation of Jim Braden. Jim Braden's name first came to the attention of this investigative unit from Peter Noyes, a newscaster and writer. Noyes indicated that Braden was probably the person that Jack Garrison, the District Attorney from New Orleans, was looking for instead of Edgar Eugene Bradley in connection with an alleged conspiracy to assassinate President John F. Kennedy.

326

Braden has an extensive criminal record dating back to May 15, 1934 when he was convicted for burglary in Kansas. His last arrest was for shoplifting in Los Angeles on February 9, 1964.

In 1951, Braden and Victor Pereira joined together to commit fraud. The victim in this case was Pereira's ex-wife. Braden and Pereira were convicted of interstate fraud and conspiracy and sentenced to 12 years in a federal penitentiary. Braden was in prison from March 1954 until February 1959 at which time he was released on parole in Los Angeles, California.

After leaving prison, he began working for the Morgan Brown Oil Corporation at 9251 Wilshire Boulevard as a clerk and oil consultant. Pereira, who was also on federal parole had an office in the same building where Braden worked.

Braden worked for the Morgan Brown Corporation for several years. He frequently traveled with Mr. Morgan Brown as his consultant on trips to Louisiana and Texas. Morgan Brown knew of Braden's past prison record.

On October 10, 1960, Braden, twice divorced, married a fifty-five year old widow, Mildred A. Bollman, an heiress to the Swift Meat Company estate.

In 1962, Braden and his wife Mildred, formed the Matador Oil Corporation in Matagorda County, Texas and Opelousas, Louisiana. In 1962, Braden showed his parole officer an oil dividend

327

check for \$19,000.00 which he stated was from a quarter interest in the Matagorda County Texas Oil Company.

In 1962, Braden told his parole officer that he and his wife had been threatened by Arthur Clark Jr. because Clark believed Braden owed him money for "services rendered" when Braden and Robert Bollman formed a cattle venture in Chicago. In that same year, Braden and Bollman opened a \$25,000.00 bank account at the First Stockyard Bank, Chicago, Illinois in the name of the "B and B Cattle" account. Clark, according to Braden, was described as an oil promoter. Braden and Pereira's association with the Clarks began in 1953.

In 1963, according to parole reports, Braden, through the Matador Oil Corporation became associated with the Bauman Drilling Company of Dallas, Texas who were drilling a well for him in Landry-Parish, Louisiana.

Braden's association with Roger L. Bauman dates back to their association with Arthur Clark Sr. who was a member of the Old Detroit Purple Gang.

During Braden's parole, he made frequent trips to Texas, Louisiana and Florida. In the months of October, November, and December of 1963 he made trips to Dallas and Houston, Texas.

On November 18, 1963, Braden received permission from the Los Angeles parole office to leave for Dallas, Texas on November 20, 1963, and then to proceed to Houston, Texas. Braden

328

estimated this trip would take him approximately ten days.

Braden reported to the parole officer in Dallas, Texas on November 21, 1963 at noon stating that he was going to be in Dallas for several days working on oil deals and conferring with Lamar Hunt.

On November 26, 1963, the Houston, Texas parole office reported that Braden had left that date for Los Angeles.

A check of Braden's record indicated that he used the following aliases: Gene Hale Brading, Gene Brady, Eugene Hale Brading, Harry Eugene Bradley, James Bradley Lee and James Lee Cole. His true name is Eugene Hale Brading.

A check with the California Department of Motor Vehicles revealed that Eugene Hale Brading requested a name change on his operator's license to read Jim Braden. This request was made on September 10, 1963.

On March 11, 1963, Jim Braden opened an account with the City National Bank, Beverly Hills, by depositing two cashier's checks for \$11,500.00. One drawn on the City National Bank for \$8,000.00 and another drawn on the Crocker Citizen's National Bank for \$3,500.00.

On March 28, 1963, Braden made a checking withdrawal of \$10,000.00. This was found to be three cashier's checks all made payable to Jim Braden for amounts of \$5,000.00, \$3,000.00 and \$2,000.00.

Cashier's check #217883 for \$5,000.00 was endorsed by Jim Braden

329

and cashed by the City National Bank, Palm Spring Branch on April 18, 1963. Cashier's check #217834 for \$3,000.00 was deposited by Jim Braden on May 8, 1963 at the City National Bank, Beverly Hills Branch.

On April 8, 1963, cashier's check #217835 for \$2,000.00 was endorsed by Jim Braden and deposited by the Thunderbird Country Club of Palm Springs, California, at the Bank of America, Palm Springs Branch.

A further examination of Braden's other miscellaneous checks revealed that on November 6, 1963 he wrote a \$200.00 check for cash; November 19, 1963 wrote a check for \$146.61 to General Telephone Company; November 20, 1963, \$200.00 for cash-expenses which were cashed by the Courtwright Corporation, Beverly Wilshire Hotel; November 21, 1963, \$183.72 made out to the Ambassador; December 18, 1963, \$10.52 to Diners Club; November 19, 1963, \$147.31 to the May Company; December 19, 1963, \$5.93 to Harrison Hartford Company, Legal printing; December 19, 1963, \$17.86 to the Standard Oil Company.

Braden was released from the McNeil Island Federal Prison on February 13, 1959. He arrived in Los Angeles on February 14, 1959 and reported to the Federal Parole Office. The following are excerpts from Braden's parole report.

While in prison he corresponded with ANTHONY SMALLDONE (Mafia member) regarding oil well deals.

The following dates and notations are excerpts from Braden's Federal Parole office record.

Note: He reported to the Houston P.O. office on the 24th but did not mention his being picked up by the Sheriffs after the shooting of the president.

During his parole, Braden listed his addresses in the following order:

331

133 S. Spaulding Drive	Beverly Hills
324 S. Elm Street	Beverly Hills
966 Moraga Drive	Los Angeles, 49
11500 Bellagio Road	Los Angeles, 49
443 S. Barrington	West Los Angeles

While in prison, a report on Braden's background indicated he was a member of a "gang" with Paul Agustus King, Gerald P. Boding and Sidney "Doc" Solaway.

In 1956 while at McNeil Island the following persons were listed as Braden's personal friends. Jack Boehl, Fort Worth, Texas and Donald Pick, Denver, Colorado.

Braden has been married four times.

#1. 1940, married Blanch Perkins in Fort Lauderdale.  
Divorced in 1942 in Dale Co., Florida.

#2. June 4, 1951, married Margaret Berry in Durant, Oklahoma.  
He used the name of James B. Lee. He was divorced from his wife while he was in jail in El Paso, Texas. Divorce obtained in an Ohio court.

#3. October 10, 1960, married Mildred Bollman in Beverly Hills. Divorced March 1963.

332

#4. January 30, 1967 married Jean DeSanders in Mexico. Divorced June 7, 1968.

During the time of his parole, from February 14, 1959 until April 1962, Braden reported that his earnings from his clerical position at the Morgan Brown Oil Company were from \$350.00 to \$500.00 per month. Beginning May 1962, he reported his earnings per month as follows:

1962

May	\$1,425.90
September	\$6,467.58
January	\$5,972.00
February	\$4,368.00
March	\$2,690.00
April	\$1,849.00
May	\$1,220.00
June	\$2,106.00
July	\$2,104.00
August	\$2,104.00
September	\$2,104.00
October	\$7,642.00
November	\$2,104.00
December	\$2,104.00

Braden reported that the money in excess of \$500.00 was from various oil well royalties. One of the oil wells mentioned was the Ledoux Well, (Location unknown.)

On July 17, 1964, Braden wrote a letter to an attorney J.P. Straessley of Miami, Florida, stating that he was enclosing a personal check for \$39,500.00 for the purchase of the E.L. Cotton Lot located in the Coral Gables Estates, Dade, Florida.

During his entire parole period, Braden went by his true name Eugene H. Brading. There is no indication that he formally notified

333

his P.O. of a name change with the California Department of Motor Vehicles. However, there are letters from Braden to the P.O. with this name change.

There is no mention to his P.O. about his using the name of Braden when arrested for shoplifting on April 9, 1964.

On November 22, 1963, shortly after President John Kennedy was shot, Braden was in a building across the street from the Dallas School Depository. He was interrogated by the Dallas Sheriffs Department and released

Note: See attached copy of Dallas Sheriffs report and F.B.I. interview regarding that investigation.

There is no record of Braden having informed the parole officers in Los Angeles, Dallas, or Houston that he had been interviewed by the Dallas Sheriffs regarding his being in a building in which he did not belong shortly after the President was shot.

On January 30, 1967, Braden married a wealthy Texas widow, Jean DeSanders. On June 7, 1968, Miss DeSanders filed for a divorce. During the early months of their marriage, Braden convinced Miss DeSanders that she should invest \$500,000.00 of her money into his company, The Empire Oil Corporation, a Nevada Corporation. She agreed to deposit this sum of money after stipulating that the money would not be touched. This money was to draw interest and pay off minor debts only. Braden, however, managed to manipulate \$35,000.00 into his own account. Miss DeSanders learned of this money shortage and realized that Braden was attempting to bilk her out of the entire amount.

334

She hired an attorney who managed to salvage all of the money with the exception of the \$30,000.00. Braden, according to Miss DeSanders was in some type of partnership with Duane Nolan and Chester Paxton in the Empire and Royalty Corporations in LaFayette, Louisiana. Miss DeSanders brought suit against both Empire Oil Companies and mentioned Braden, Paxton and Nolan in the suit. She added that Braden had an office at the firm of Chase Bierman and Dunn accountants at 280 S. Beverly Drive, Beverly Hills. Mona Chapman, a secretary of this firm was also listed as an officer of the Empire Oil Corporation.

Note: Mona Chapman's connection with Jim Braden was investigated and it was learned from Gerald Chase that Mona Chapman had worked for his C.P.A. firm. However, when he learned that she was listed in Braden's Empire Oil Corporation, he fired her.

Braden obtained Corporate approval for the Empire Oil Corporation on May 24, 1969 from the state of Nevada. The Corporate papers indicated that the share holders in the company were Jean Braden, Mona Chapman, Martha Herndon and Jean Cox.

Among some papers that were turned over to Mr. R. M. Hale, an investigator for the State of California Division of Corporations, by Miss DeSanders, the following notations, in Braden's handwriting, were noted: "Abe Meltzer from 1/16-/32, Chester Paxton 1/8-1/8." There were also six other names with similar notations. Miss DeSanders interpreted these figures to represent dividends paid to share holders.

Note: Copies attached to this report.

In trying to locate Braden's present address, investigators were informed that he was living at the La Costa Country Club in Carlsbad, California, telephone number, 714-729-7111. A

375

check of the hotel records indicated he was a member only and not living at that location. He listed his home address with the club as 280 S. Beverly Drive, Beverly Hills, California. He also listed his telephone number as 472-7720. A check of the latter telephone number in the Los Angeles area indicated it was registered as a non-published subscription to Bernard Denberg of 1632 Stradella Road in Bel Air. An investigation into Denberg's occupation indicated that he was possibly the Vice-president of the Philco Radio Company.

The Empire Oil and Royalty Corporation was chartered November 7, 1966 in Louisiana by Jim Braden, (President), Evelyn Droddy, (Vice-president) and Duncan M. Smith Jr. (Secretary-treasurer). The address of the corporation is listed as 201 Oil Center Drive, P. O. Box 51643, Oil Center Station, LaFayette, Louisiana. That corporation was listed as having \$25,000.00 in capital at the time of its corporation.

On May 6, 1969, Braden telephoned Sergeant M. F. Gutierrez and requested to know why he was being investigated. Braden was told that the investigation concerned Victor Pereira. Braden added that his ex-wife, Mildred Bollman, had informed him that an investigator had been inquiring about him. In this conversation Braden denied knowing Arnoff or Kassab, but admitted knowing Gerald Chase, the accountant.

Note: See attached report of Braden's verbatim telephone conversation.

### ANALYSIS.

Summarizing at this point, we find two basic groups involved in the Los Angeles area. The first includes Jim Braden (AKA Eugene Hale Brading); Joseph M. Arnoff; Gerald Chase, Wallace White and Arthur Toll. Four of the five share a common office (Room 402); four of the five share a business partnership, and four of the five share, by implication and public testimony, involvement in a bribery-conspiracy indictment.

Jim Braden is the circumstantial link to the assassination of John Kennedy in Dallas.

That brings us to the second group: Dr. Stanley Dubrin; the El Purate Corporation; the Kassab family and Michael McCowan. The link to the assassination of Robert Kennedy in Los Angeles is Michael McCowan.

The link between the two groups is Dr. Stanley Dubrin and the Big A discount store. There are persons on the fringes of both groups connected to the office of the mayor of Los Angeles. There is city recreation and parks commissioner Mel Pierson who was alleged to have received a \$20,000 cash pay-off in order to have Mayor Yorty lift his veto on the Canoga Park zoning case. There is Ronald J. Ellensohn, the Yorty aide involved in the Kassabs' land deals.

There are others on the fringes, but none relatively important. Quite obviously, a conspiracy to murder a president or U.S. Senator could not possibly involve so many people. But conspiracies are established by the linking of people and places together.

And, in this particular investigation, the link (or links) stretch all the way from Dallas to Los Angeles. It remains to be seen at this point if the links are forged out of steel or tin foil.

COPS AND ARABS

*Kassabs linked to [scribbled out]* 933

In 1961, Dr. Stanley Dubrin obtained a fair amount of local notoriety when he admitted in court that he married his third wife in Las Vegas without benefit of divorce from his first two wives. As the doctor told it, he flew Miss Kathleen Carlin, to Nevada in his own plane, and once high in the sky she insisted over and over again that she wanted to hear wedding bells. Dubrin asked if she wanted his first two wives as bridesmaids, or so he said, but Miss Kathleen didn't care. "After 12 or 14 cocktails my resistance weakened," Dubrin told the judge, and wedding bells indeed rang. The activities of the doctor, however, were not limited to marital charades. He also had an alias, that of **Shafiq Kassab**, in reality a onetime business crony who had been deported to the Middle East. At times, it seemed, the names of Dubrin and Kassab were synonymous. The Kassabs came to the United States circa 1949 from Bagdad, making a legal entry through Miami. Soon they were to put their business talents to work in a corporation known as **El Furate**, the purpose of which was to buy and sell real estate. Dubrin was the president, the Kassabs (under various aliases) were on the board of directors. Prior to that the **Kassab clan** (the exact number of members believed to be four or five) achieved a personal degree of notoriety by chartering a round trip flight to Europe for a group of college students, but failing to get the plane off the ground. Soon El Furate was to become financially involved with members of the police department, and, similar to Arnoff and his partners, the dealings would include an aide to **Mayor Yorty**. The policemen were among a number of people recruited to carry out a land "scan" involving thousands of dollars worth of San Fernando Valley real estate. The pitch was simple. El Furate had an opportunity to buy 100 homes but not enough credit. So the corporation would use the credit of others willing to sell it for a price.

Among the policemen who went along with the Kassabs were Michael McCowan (who only a few years previously had been the valedictorian of his class at the police academy); Jeffrey Squires, and Harold Latham. The officers were to be paid \$75 or so by the Kassabs every time El Furate borrowed their credit. In the case of Michael McCowan, real estate records available in the offices of Los Angeles County agencies show his credit was borrowed extensively. The record shows that McCowan was involved in at least nine real estate transactions at the time of the Kassab caper.

The basic charge brought in court against El Furate and its leaders was dealing in fraudulent trust deeds. In other words, the Kassabs deceived the seller to obtain the trust deed. El Furate reportedly found time to dabble in second trust deeds on the same homes. A second on the home would be sold to a buyer for about \$2,000 with a high interest rate. Then El Furate would advise the buyer that the person who held the first trust deed on the home was about to be foreclosed on. This meant that the holder of the second trust deed would have to assume payments on the first trust deed, or lose the second. El Furate would buy the second trust deed back for about half the buyer originally paid. All along the homes were actually owned (through fraud and deceit) by El Furate. But, of course, the houses were registered to other people, and El Furate could stage circumstances that could lead to a foreclosure by simply withholding payments on mortgages. The whole thing was so complicated that even the judge who presided at the trial was at a loss to explain exactly what happened.

Eventually, **David Jacob Kassab** was convicted on four counts of grand theft and sentenced to state prison. He entered prison early in 1963 and was paroled December 30, 1965. Once free, he returned to the business he knew best, selling real estate in the San Fernando Valley. In this particular case David Jacob Kassab appeared to be the fall guy as **Dr. Dubrin** and the many others involved in the ring, police included, escaped prosecution.

However, time would catch up with some of them. In December of 1962 Dr. Dubrin was charged with grand theft following a clever trust deed manipulation that was so complicated it left two companies holding first mortgages on the same home in Woodland Hills. The home belonged to Dubrin who eventually sold it and managed to take over \$18,000 from the escrow although most of the money belonged to the Bank of America which was the legitimate holder of the first trust deed.

Investigators calculated that Dubrin bilked the bank out of \$12,000. A jury convicted the doctor of grand theft, but he never went to prison. Instead, he went into the discount medicine business with **Joseph Arnoff** at the **Big A.**

THE 40 THIEVES

934

Dr. Dubrin and his Arabic associates were eventually to become known to police as "Ali Baba and the 40 Thieves." For, in fact, Dubrin and the Kassabs had at least 40 aliases. Records from the real estate files of the county of Los Angeles showed they would even transfer a home from one alias to another. The names they used were endless: Edward J. Kay; Bobi Richards or Richard; Stewart W. Omohundro; David Latis; Charles Brent; Ricky Kay; Lord Kay; Edward Haymes; Danny Haynes; Phyllis Davidson and Ricky Kassab to name a few.

They also had a number of corporate aliases in addition to the favored El Fuerte. Among them were: **Fred Kay Inc.**; **Richards Realty**; **Las Vegas General Enterprises**; **White Oak Investment**; the **Kassab Company**; the **American Nile Company** and the **Europa Travel Agency**.

The travel agency turned out to be one of the Kassabs' most publicized schemes. In the summer of 1959, 80 students, most of them from UCLA, purchased round trip tickets to Europe for \$474 each from Europa. The flight was scheduled to leave Los Angeles for Rome by way of Tijuana, but somehow it never took place. David Kassab and his associate, **George Dimitrovich**, explained the collapse of the flight was due to circumstances beyond their control. But the district attorney disagreed and Kassab and his partner were convicted of grand theft. Each was sentenced to one year in jail and ordered to make restitution to the students.

343

The phony trust deed racket in which the Kassabs specialized could be traced back to 1958. In that year David Jacob Kassab and a partner named Elmer J. Freeman, made a land swap for the Little Lake Hunting Lodge in Inyo County. The lodge, owned by Mr. and Mrs. B.B. Matheny, was valued at about \$75,000. In exchange, the Kassabs gave the Mathenys two supposedly valuable pieces of property with clear titles. But that wasn't really the case. The titles were clouded and the land was much smaller than represented. A judge found David Kassab guilty of grand theft and sentenced him to state prison for one to 10 years. Freeman, convicted of attempted grand theft, was placed on probation.

In the massive trust deed frauds of the 1960s, the police involvement with ~~Dr. Dubrin~~ and the Kassabs was never made public. Rather, someone suppressed the facts, and they were among the best kept secrets in the office of the Police Bureau of Internal Affairs. Police weren't the only ones involved in the scandal. Ronald J. Ellensohn, then a field secretary in the San Fernando Valley for Mayor Yorty, was involved in a trust deed transaction with Jacob Kassab and another one with Edward Haymes (a Kassab alias.) Later Ellensohn was promoted to a Yorty deputy, a position in which he coordinated activities with the police department.

The Los Angeles policemen who did business with the Kassabs were led by officer Harold Latham, a member of the force since 1948 who, after the scandal was asked to retire. However, the younger Michael McCowan soon emerged as the Kassabs' favorite policeman.

CALLING CARD FOUND IN A FILE OF ESCROW PAPERS

345

Michael McCowan was later to become the chief investigator for the defense team that represented the young Jordanian immigrant Sirhan Sirhan at his trial for the murder of Senator Robert Kennedy. And, not once during the course of the trial was there to be any mention of the fact of McCowan's long and shady involvement with the Arabs of the San Fernando Valley.

According to officers who investigated the top-secret police aspects of the Kassab investigation, McCowan wasn't satisfied with the \$75 or so he was to receive every time his name was used for credit in a real estate transaction. So he short-circuited officer Harold Latham and began dealing directly with the Kassabs without the help of a middleman. ✓

During all this free enterprise, McCowan was also completing his studies for a law degree at Southwestern College in downtown Los Angeles. (Many members of the force attend Southwestern because it has a night school that enables them to complete their law studies on a gradual basis.) McCowan frequently missed his work (as a policeman) complaining of various health problems. It was subsequently determined that on many occasions when McCowan called in sick he was actually studying his law books in the office of attorney Russell Parsons, the man ultimately selected as the first member of the Sirhan defense team.

Apart from all this, McCowan had another problem, a pretty blonde housewife named Jean Ortiz. \* McCowan was instrumental in sending the woman's husband to state prison on a burglary charge. Then McCowan started sharing the Ortiz bedroom, a fact that led to a divorce suit by the officer's wife, the mother of two.

*Jean has a twin sister Jean*

346

Mrs. Ortiz' charm weren't the only thing that interested officer McCowan. For one thing, the woman's husband had gathered a small arsenal of weapons in the home and McCowan, according to investigators, took possession of them. Then, too, Mrs. Ortiz had three diamond rings valued at about \$4500. She decided she wanted to send the rings to her sister in the East to get money that would help pay her husband's legal bills. Wearing civies, McCowan went to the post office and mailed the rings. A short time later he returned in police uniform, persuaded postal officials to hand over the rings, then took them and sold them. McCowan was subsequently indicted by a federal grand jury on charges of mail theft by fraud and obstruction of correspondence. The day the indictment was returned McCowan had called in sick to his superiors at the police station. Investigators knew where to find him, however, at the office of attorney Russell Parsons <sup>where McCowan</sup> was brushing up on his law books. McCowan went to the police station where he resigned from the force without protest after being confronted with the charges. The mail fraud case was well publicized by the news media. But there was not one iota of publicity about a special investigation by the police internal affairs unit into the activities of McCowan and the other officers connected with the Kassabs.

McCowan's first trial ended in a hung jury in federal court, the vote 11-1 for acquittal. But at the second trial, in which McCowan was represented by Parsons, the verdict was guilty. The key prosecution witness was Mrs. Ortiz. McCowan maintained he took the rings because he was doing undercover work for the police department. U.S. District Judge Charles Carr insinuated McCowan was a liar, saying the defendant was "glib and gave the impression he was not telling the truth."

(more)

347

The maximum sentence McCowan faced was 10 years in prison. Judge Carr said, however, that he had received an unusual number of letters praising McCowan's character, and he had decided to give the defendant a second chance "to prove his innocence or clear his conscience" at another court hearing. McCowan managed to do one or the other at the new hearing. <sup>(On November 18, 1965)</sup> The same judge who once said McCowan may have been trying to get away with the "perfect crime" decided not to sentence the handsome young former policeman to prison. Instead, Judge Carr placed ~~McCowan~~ on federal probation. By the end of the trial McCowan had obtained his law degree but, as a convicted felon, he was not permitted to take the state bar examination in California. McCowan shouldn't have been able to work as a private investigator either. But he managed to obtain his license anyway and went to work for the **W. Allen Detective Agency** which has five offices in the Los Angeles area. A spokesman for the California Department of Professional and Vocational Standards, the agency which regulates the licenses of private eyes, explained that McCowan was approved for his new line of work because the judge who presided at the trial said he had made an excellent rehabilitation.

The next stop was the trial of **Sirhan Sirhan**. McCowan became the man closest to Sirhan. He followed Sirhan's every move from the jail cell to the courtroom. When Sirhan became violent in court, presiding Judge Herbert Walker would always ask McCowan to quiet the defendant. It was McCowan who filled-in reporters at the courthouse, the man who had all the information.

Interviewed by reporter **Linda Deutsch** of the Associated Press on February 25, 1969, McCowan said he was working the Sirhan case for nothing.

McCowan said he was broke, but reporter Deutsch noted that he managed to drive a new Cadillac to the courthouse and was paying alimony.

McCowan said he happened to get involved in the case because Russell Parsons happened to request the services of the R. Allen agency. To quote McCowan: "No other investigator has taken on a case of this magnitude before. I had 52 open cases at the time I took on this case. I cancelled out all of them."

Why did McCowan volunteer? "Because it may be the case of the century."

Mike McCowan made such an impressive appearance during the early days of the Sirhan trial that he was permitted to sit at the counsel table in court and attend all conferences in the judge's chambers.

To quote McCowan again: "I've seen Sirhan more than anyone except Mr. Parsons because I've been on the case longer. I ask questions and he answers."

McCowan pointed out that Sirhan had read 37 books in his jail cell, and that he, McCowan, also read them to better understand the assassin.

Concluded McCowan in the interview: "You couldn't find a case that cried out more for investigation. I can't think of any case more interesting or more difficult."

Yet, it seemed McCowan was not as sure of himself as he appeared to be in the interview. During a courtroom session he observed a detective <sup>one knew</sup> he once knew who just happened to be a member of the special police task force investigating the Sirhan case. McCowan <sup>assumed</sup> the detective (who knew about <sup>his past</sup> that he was doing everything he could to square himself on the "old Kasab deal."

349

The background check which linked Michael McCowan to questionable people in the investigation was provided the ~~Sirhan~~ Investigating Unit at Los Angeles Police Headquarters by these reporters. McCowan was known to be a ladies' man and investigators immediately began a search for any and all of his past girlfriends. They located one such girlfriend, the divorced mother of two, and learned that McCowan had purchased a home for her, making the down payment. The main line of questioning concerned McCowan's political philosophy. But apparently that philosophy was a well guarded secret.

Mr. █████ mentioned Bradley being involved in the same church as the Kassab. He also mentioned that Bradley was somehow connected with the John Birch Society.

During this investigation it was noted that "Gene Bradley" was named in a ~~misc~~ memo .1359<sup>189</sup> (1964) during an investigation of Officer Clinton E. White #5683 regarding his possible involvement in violent activities of the John Birch Society.

Bradley is mentioned by Mrs. Carol Aydelotte as a lay preacher who is alleged to be a representative of Carl McIntyres Bible Presbyterian and Fundamentalists. Bradley is associated with John Lorenz who was kicked out of the Birch Society for passing Anti-Jewish literature at a meeting.

Investigation revealed that Bradley was suing Mr. and Mrs. Aydelotte as he thinks they are the ones responsible for telling District Attorney Jack Garrison of his possible involvement with Clay Shaw et al.

Arthur Aydolette has a prior arrest on a charge of illegally possessing tear gas. When stopped for speeding in Van Nuys Aydolette had in the vehicle a Nazi flag, a Nazi uniform, a gun, ammunition and eleven tear gas grenades. He told the arresting officers that he was the head of an American Legion Post in La Canada that investigates anti-subversives.

352

32

Officer C.E. White and the Aydelotte's were members of the same Birch Chapter. White came to the attention of the Department through the Fire Department who was investigating an incident where a molotov cocktail was thrown in a house where Carol Aydelotte was staying.

Under miscellaneous memo<sup>IAD</sup> #1720 (1965) stolen dynamite was located in the garage of Officer White's sister Mrs. Bernice Iverson. This garage was rented by Keith Dwayne Gilbert (LA#717248-G) from Mrs. Iverson.

The FBI interviewed White when they learned he<sup>view</sup> Dennis Mower, a known associate of Gilbert. White admitted attending a meeting where a Mr. Troy Houghton, west coast director of the Minutemen, spoke. White recalls meeting Mower at that meeting.

Agents Quinn and O'Neil gathered the impression that White may have extremist leanings and felt that he was not really cooperating.

**BRADLEY** claiming that local citizens are being recruited as false witnesses against him and fake photos in existence trying to prove **BRADLEY** in Dallas at time of **KENNEDY** assassination.

## DETAILS OF REPORT:

- ✓ **JAMES GARRISON (IDF)** - Attempting to line up false witnesses against **BRADLEY** plus fake photographs of **BRADLEY**.
- ✓ **CLAY SHAW (NIF)** - Is alleged to have visited **BRADLEY** in **BRADLEY**'s home prior to **KENNEDY** assassination.
- ✓ **DR. CARL McINTYRE (IDF)** - In Los Angeles area conducting mass meetings to raise funds for **BRADLEY**'S defense.
- ✓ **GEORGE J. JENSEN (NIF)** - (**BRADLEY**'S attorney) - Constantly pressing for more money.
- ✓ **DR. WESLEY A. SWIFT (IDF)** -
- ✓ **DENNIS MOWER (IDF)** -
- ✓ **ARTHUR AYDELOTTE (IDF)** - All associated with **SWIFT** and suspected by **EDGAR**
- ✓ **CAROL AYDELOTTE (IDF)** - **BRADLEY** as possible false witnesses regarding **CLAY**
- ✓ **NATALIE NITTLE (NIF)** - **SHAW**'S visit to **BRADLEY**'s home before **KENNEDY**
- ✓ **TOM THORNHILL (NIF)** - assassination.
- ✓ **ROBERT McWHIRTER (NIF)** -

**BRADLEY** interviewed 1-19-68, 8:30AM. He stated that his investigations are proving that **JIM GARRISON**, New Orleans District Attorney, is attempting to line up people in Los Angeles to testify that **CLAY SHAW** (under indictment in New Orleans) visited **BRADLEY** in **BRADLEY**'S North Hollywood home on many occasions prior to **KENNEDY**'s assassination. Of course, **BRADLEY** denies this.

**BRADLEY** said that persons close to **DR. WESLEY SWIFT**, including **CAROL** and **ARTHUR AYDELOTTE**, **NATALIE NITTLE** (mother of **CAROL**), **TOM THORNHILL, JR.**, **ROBERT McWHIRTER** and **DENNIS MOWER** may be among those attempting to back this allegation. **BRADLEY** said the above mentioned are all "right-wing kooks" and **MOWER** is now **SWIFT**'S chauffeur. The only reason **BRADLEY** can give for these local people being against him is due to **MOWER**'s arrest in 1964 for C.C.W., and **MOWER** to this day is accusing **BRADLEY** of informing the police of the weapon. **DR. SWIFT** is now preaching to his congregations that **BRADLEY** is a double agent and trying to alienate any support that **BRADLEY** might receive from right-wing groups.

(Continued on Page 2)

354

BRADLEY claims that GARRISON has a fake photograph of BRADLEY allegedly in custody of two uniform and three plainclothes police standing in front of the Book Depository in Dallas. The photo was allegedly taken right after the shooting. BRADLEY said the reason for GARRISON not divulging the existence of the photo is that BRADLEY at the time was under the "protection" of the F.B.I." BRADLEY denies he was in Dallas.

BRADLEY stated that DR. CARL McINTYRE has recently held three mass meetings in the Los Angeles area trying to raise money for BRADLEY's defense. Approximately \$4,400 to \$4,800 has been received, of course, McINTYRE's expenses will be deducted from this. BRADLEY said this amount is only a drop in the bucket and inferred that he was unhappy with McINTYRE's efforts to help him. McINTYRE has refused to use his vast radio audience to raise money for BRADLEY, preferring the mass meeting for this. McINTYRE is due back in Los Angeles from India 1-20-68 and BRADLEY is hoping that McINTYRE will continue the mass meeting effort.

BRADLEY said that GEORGE J. JENSEN, his attorney, keeps asking for more money all the time and the cost of his defense is BRADLEY's greatest worry, even more so at the present time than GARRISON's accusations.

BRADLEY stated that no hearing has been set for his extradition. GARRISON has not presented extradition papers to this State. According to BRADLEY's attorney, if the extradition papers are not served by 1-29-68, there is a possibility that the whole thing will be terminated.

## RESUME OF, AND/OR REASON FOR MAKING, REPORT:

**BRADLEY's recollection of DALLAS ROQUEMORE (deceased), also statements regarding his attorneys.**

## DETAILS OF REPORT:

**EUGENE BRADLEY** interviewed April 15, 1969, approximately 0920 hours, at his residence. **MR. BRADLEY** stated that he first met **DALLAS ROQUEMORE** approximately six or seven years ago. **BRADLEY** was conducting Bible classes in **BRADLEY's** home and **ROQUEMORE** attended twelve to fifteen classes. **BRADLEY** denied that he or **ROQUEMORE** were closely associated; that they ever exchanged confidences, or visited socially. On one occasion **BRADLEY** and **ROQUEMORE** together attended a church service in Norwalk, California, the church was pastored by a **ROY GILLESPIE** who was an associate of **GERALD K. SMITH**, **WESLEY SWIFT** and **KENNETH GOFF**. Until this time **BRADLEY** thought that **ROQUEMORE** was a moderate thinker, combining Christian beliefs with social right-wing reforms. However, after attending the service, **BRADLEY** realized that **ROQUEMORE** and **GILLESPIE** were so far right that even **BRADLEY** could not buy them and their opinions.

**BRADLEY** said that **ROQUEMORE** was acquainted with the **ADYLOTTE** family and **BRADLEY** is well aware of the fact that the **ADYLOTTEs** have accused **BRADLEY** of murdering **ROQUEMORE**. The **ADYLOTTEs** currently refer to **BRADLEY** as the C.I.A. assassin. **ROQUEMORE** conducted Karate classes in the **ADYLOTTE** residence.

Prior to **BRADLEY's** meeting **ROQUEMORE**, **ROQUEMORE** had written a book regarding survival in the wilderness entitled "Get Ye Up Into the High Mountains". **BRADLEY** alleged that experts in outdoor living have read the book and consider it one of the best in its field. (See copy of attached book cover and brief but concise background on **ROQUEMORE**). **KENNETH GOFF** had the book published but **ROQUEMORE** never received one dime in royalties.

Subsequently **ROQUEMORE** married a woman named **EILEEN** (surname unknown). **ROQUEMORE** had two children by a former marriage and **EILEEN** had three children. **EILEEN's** father's first name was **AUSTIN** and her older brother's first name was **DAVE**. **BRADLEY** could not remember the surname but furnished from an old address book the address of 16835 Grand Street, Bellflower. **BRADLEY** said he had heard that **EILEEN's** mother and father were now deceased. He knew nothing of the older brother.

**BRADLEY** stated that **ROQUEMORE** was truly a mountain man and loved the outdoors and was an expert with the bow and arrow. While **ROQUEMORE** was an extreme rightwinger, he could not be convinced by his associates to buy or hoard guns and ammunition against the day when the Communists would take over. However, **BRADLEY** thought that **ROQUEMORE** finally bought some type of firearm (later events proved that he did).

After ROQUEMORE was married, he, EILEEN, the children, and EILEEN's younger brother age approximately thirteen years, moved to the vicinity of Weaverville, California. ROQUEMORE had made a down payment on several acres of mountain land. ROQUEMORE's plans were to build a church, classroom buildings and living quarters for ministers he intended to invite to his lectures on Communism. ROQUEMORE was of the opinion that the least informed people in the United States on Communism were the religious leaders of this nation. He wished to correct that. ROQUEMORE alleged that he had backing for this adventure from several wealthy people but never identified them to BRADLEY. However, BRADLEY was of the opinion that ROQUEMORE intended to use the property for training in guerrilla warfare. BRADLEY could not remember who told him this.

When the ROQUEMORE family moved to Weaverville they rented a small house near their property. Word had leaked out among the residents in the area of ROQUEMORE's plans, and the ROQUEMORES were plagued with prowlers and several attempts to burn them out.

To the best of BRADLEY's recollection, approximately five years ago, ROQUEMORE and EILEEN visited Los Angeles to secure building materials, and during this visit they contacted BRADLEY and cordially invited him to visit them in Weaverville. The Roquemores then left Los Angeles enroute north to their residence. They had left the smaller children in care of EILEEN's thirteen year old brother. The ROQUEMORES arrived home late at night. According to BRADLEY, ROQUEMORE parked the vehicle some distance from their house. He and EILEEN crept toward the house, ROQUEMORE giving out with catcalls and Indian warwhoops (according to BRADLEY, ROQUEMORE was a great practical joker), they aroused EILEEN's brother who appeared on the front porch demanding to know who was out there. The boy was carrying a revolver in his hand. ROQUEMORE and EILEEN had hid under the porch. The boy again demanded who was there declaring that he would shoot. ROQUEMORE then threw a rock into a bush near the house, the noise frightened the boy, the weapon was discharged, the bullet went through the floor of the porch and into ROQUEMORE's head entering through the ear.

ROQUEMORE was then taken to a local hospital where he expired some hours later. EILEEN's young brother idolized ROQUEMORE and BRADLEY thought he had heard that the boy had lost his mind over the shooting. The actual events of the shooting were related to BRADLEY by EILEEN sometime after the shooting occurred.

BRADLEY stated that a full investigation of the shooting was conducted by the Sheriff's Office of the county of location and occurrence and should be on file there. Subsequently, EILEEN married a deputy sheriff from the local office there. They were divorced and she remarried again. The last BRADLEY heard of EILEEN she was near death from throat cancer but he believed she was still residing in the Weaverville area.

BRADLEY denied he murdered ROQUEMORE stating he was enroute to San Diego the date of the shooting and heard of the events on his car radio.

Regarding attorneys, BRADLEY stated he had dumped GEORGE JENSEN immediately after GOVERNOR REAGAN had denied GARRISON's request for BRADLEY's extradition. BRADLEY's attorney is now JOHN LA FOLLETTE, 6290 W. Sunset Blvd., Los Angeles, telephone 461-9955. BRADLEY said that LA FOLLETTE has agreed

BRADLEY, EUGENE (Continued)

Page 3

to represent him for nothing. LA FOLLETTE was the attorney who offered to represent BRADLEY for no fee when GARRISON first named BRADLEY as a conspirator. BRADLEY admitted that choosing JENSEN was a mistake and now feels that LA FOLLETTE will do a good job for BRADLEY.

New Orleans  
Garrison's investi-

Kennedy, 1-21  
curious...

The develop...  
1-In New Orleans... office  
announced that Garrison had filed  
charges of conspiracy to kill Mr.  
Kennedy against Edgar Eugene  
Bradley.

Bradley's arrest is "imminent," a  
Garrison spokesman said, and he  
added that the towering district  
attorney himself was out of the city  
pursuing Bradley.

2-An hour later, The Times  
found Garrison in a bar at the  
International Hotel here, where  
Garrison has been registered under  
an assumed name. The controversial  
prosecutor...  
aspect

'Not Guilty'...  
"I'm not... Times a  
... thing," he told a reporter.

3-Fifteen miles away in his  
North Hollywood home, Edgar Eugene  
Bradley, 42, West Coast repre-  
sentative for the head of an interna-  
tional church council, said: "This  
man must be nuts."

Bradley said he did not know  
Garrison or any of the principals in  
the investigation, had never been  
approached by investigators about  
the assassination and considered  
Garrison's charges "an obvious  
frame."

Bradley, the father of two grown  
children, said that the photograph  
Garrison's office released of the man  
against whom charges were filed  
was, indeed, a picture of him.

### Sums Up His Reaction

Bradley, a West Coast representa-  
tive for Dr. Carl McIntire, president  
of the International Council of  
Christian Churches, summed up his  
reaction to the charges by saying:

"I'm as shocked as anybody—I  
wonder they've been saying this  
investigation is this absurd."  
He said he does not have the

slightest idea where Garrison had  
obtained his photograph.

Bradley added that he had visited  
New Orleans, the city upon which  
Garrison's investigation has centered,  
only once: "My wife and I  
went through there on vacation the  
first part of April this year."

The day of the assassination, Nov.  
22, 1963, Bradley said he was in El  
Paso, returning home by bus from a  
business visit with Dr. McIntire.

### Second Charged in Probe

Bradley, 12203 Emelita St., is the  
second person to be charged by  
Garrison with conspiracy to assassi-  
nate Mr. Kennedy.

Clay L. Shaw, 51, former manag-  
ing director of New Orleans' Trade  
Mart, was named in a similar charge  
last March. He pleaded innocent and  
tentatively is scheduled to be tried  
in February.

Garrison said at the time of Shaw's  
arrest that other arrests would be  
forthcoming.

Garrison's investigation has re-

voiced around his theory  
that a shadowy group in-  
cluding homosexuals, anti-  
Castro Cubans and CIA-or-  
iented conspirators conspi-  
red in New Orleans in  
1963 to kill Mr. Kennedy.

Bradley has a wife, a  
son, 19, and a daughter, 21.  
He scoffed at a report he  
was with the OSS in  
World War II and had CIA  
connections.

Bradley, who was in-  
formed of the charge  
against him just before a  
prayer meeting was to  
begin in his home, said an  
FBI agent had questioned  
him "recently." 1-36-1

He said the agent told  
him he was looking for a  
man with a similar name  
and thought the agent had  
indicated the man he  
sought was "on the 10  
most wanted list."

The agent left, said  
Bradley, "convinced I was  
not the man."

Garrison, during the last  
two months, has been in  
and out of Los Angeles,  
registering under assumed  
names at hotels.

### Uses Other Name

Upon his arrival here to  
make a speech in Novem-  
ber, he signed the Century  
Plaza register as "Claude  
Culpepper." He was regis-  
tered at the International  
Hotel near the airport as  
"Clyde Ballou."

William Boxley, an in-  
vestigator, accompanied  
the New Orleans prosecu-  
tor here.

Capt. Ray Holt, head of  
the Los Angeles County  
Sheriff's Intelligence unit,  
said Garrison had made no  
attempt to consult his unit  
or L.A.P.D. intelligence  
about Bradley, the normal  
procedure for out-of-state  
officers seeking to make  
an arrest in this jurisdic-  
tion.

The governor's office in  
Sacramento reported that  
Garrison had made no  
extradition overtures to it.

Bradley, dark-haired and  
of medium height and  
build, said "certainly I  
don't know any homosexuals  
trying to frame me for five  
years because I work with  
Dr. McIntire" might have  
"planted" information  
about him with Garrison.

The New Jersey-based  
church council head is

widely known as a  
radio broadcaster, carried on  
Bradley, over more than  
600 stations nationally.

McIntire is an ardently  
conservative theologian,  
often accused by critics of  
being a fierce right-win-  
ger. He frequently has  
attacked the National  
Council of Churches,  
claiming it is "used" by  
Communists. He has de-  
scribed the United Nations  
as "a center for Commu-  
nist espionage."

The charge against  
Bradley was contained in  
a bill of information, as  
was the original accusa-  
tion against Shaw 10  
months ago. Shaw later  
was indicted, as well.

### Name Not in Probe

"Like Clay Shaw," said  
Garrison's statement re-  
leased in New Orleans  
Wednesday, "Mr. Bradley's  
name did not come up in  
the federal 'investigation'  
of the assassination nor is  
his name mentioned any-  
where in the 26 volumes of  
the Warren Report 'Inqui-  
ry' into the case."

The Warren Commission  
found that Lee Harvey  
Oswald alone was respon-  
sible for the assassination  
in Dallas four years ago.

Garrison's office in New  
Orleans also declined to  
comment on the charge  
against Bradley. The bill  
of information bore nei-  
ther his age nor address,  
only his name.

"The reason for the  
secrecy," said Louis Ivon,  
Garrison's chief investiga-  
tor, "is that Mr. Garrison  
is still trying to locate  
Bradley."

Dear Friends:

Have you ever found words completely inadequate to express your appreciation? This is my plight. It is impossible for me to express my gratitude to you who proved to be my friends in the time of need.

It is the tendency of people, in general, to flee from controversy or trouble. You have been the exception; it has been this spirit that has made our country great. Let us all continue in our efforts to preserve a sovereign America with Christian and Constitutional freedom.

I am indeed grateful for the many phone calls, your letters to me and to Governor Reagan, and for defending me. I am most appreciative of your contributions towards my defense and I am especially thankful for your prayers on behalf of me and my family.

*Henry J. Jensen*

Many of you have inquired as to how we stand financially. The biggest shock of all came when my ~~lawyer~~ presented me with a bill for \$25,000, retainer fee only. Just before Christmas, he sent me a bill for \$19,500, balance due for extradition hearing. Efforts are being made to encourage him to reduce this amount. Additional expenditures have been for investigative work, documents, etc. The total expenses incurred to date has been approximately \$30,000.

I have read each of your letters. Regretfully, I find it necessary to answer by form letter in order to contact all of you. As I do not know how well my predicament and the outcome were covered by the press in other areas, I am enclosing a resume of the whole episode.

I am now in the process of gathering my material to write a book on this experience, brought by Mr. Garrison's terrible accusation. Truth is indeed, stranger than fiction. If you have or see any articles pertaining to me, Jim Garrison, or President Kennedy's assassination, I would appreciate receiving them, accompanied by the date and name of publication in which they appeared.

There have been many answers to prayer during this crisis. Believe me, I learned to understand Romans 8:28 better than ever before. Again, my humble thanks.

Gratefully,

## KENNEDY ASSASSINATION VS. CHARACTER ASSASSINATION

"Dad, I had the strangest phone call this afternoon. Someone called, pretending to be from the New York Times. They said that Mr. Jim Garrison, District Attorney from New Orleans, Louisiana, has named you as one of the conspirators in the assassination of President John F. Kennedy and that he was having you arrested!"

These were the words of my nineteen-year-old son, Brent, who had just returned home for Christmas vacation from Bob Jones University in Greenville, South Carolina.

Conditioned to six years of harassment calls as a result of my work with Dr. Carl McIntire, he thought it was just another one. Obliging, he said he would remember to call his dad. Returning from an errand about three hours later, Brent told me about the peculiar call. I laughed - we both did! However, it did enter my mind that my enemies were still at work.

Arriving home for Bible study and Prayer Meeting, we were met in the driveway by newsmen. It was then I realized the phone call had been "for real". We were deluged by reporters and calls from that moment on.

December 29, 1967, I voluntarily checked in with Sheriff Pitches and was legally booked on Mr. Garrison's preposterous charge. Friends appeared in Court prepared to pay \$10,000 bail requested by the New Orleans District Attorney. The Los Angeles District Attorney recommended I be released on my own recognizance; the Judge concurred.

I was not guilty of any crime; God knew I was not guilty and that was what was important.

\*\*\*\*\*

A misguided voice was heard around the world in February, 1967, to the effect he had "solved" the Kennedy assassination beyond a shadow of a doubt and that he knew who the assassins were.

Reportedly, 60% of the American people had not accepted the Warren Commission's Report. They wanted to believe Mr. Jim Garrison, including me! He had committed himself, now he had to produce. December 20, 1967, almost eleven months after he claimed he had "solved" President Kennedy's assassination, Mr. Garrison publically named me.

Every sensational murder case attracts it's share of crank letters, publicity-seekers, demagogues, bogus tips, information from the emotionally unstable and those with ulterior motives. It has been disclosed that my name was brought to his attention as a result of an anonymous letter from Southern California.

It was now necessary for the New Orleans District Attorney to find witnesses who would place me within his jurisdiction. This he did in the person of a court clerk by the name of Max Gonzales, who by coincidence happens to be a personal friend of Mr. Garrison's.

In a sworn affidavit, Mr. Gonzales claims he saw me at the Airport in New Orleans in 1963, talking to David Ferris, now dead. No date was given, not even the month. Four years later, he "identified" me from a photograph. The truth is, I was never in New Orleans until the Spring of 1967, on a vacation trip.

Mr. Garrison also made the following charges: "Bradley was in Dallas, Texas on November 22nd., and not in El Paso as he publically has claimed and on that day he was actively engaged in participation with other individuals, in a manner which resulted in the murder of John F. Kennedy." This was the only charge made in his charges against me. 365

Roger Craig, his other "witness" gave Mr. Garrison the false statement he had seen me on the steps of the Texas School Book Depository Building in Dallas, on November 22, 1963 at 12:40 or 12:50 P.M. posing as a Federal Agent. Four years after this (and after Mr. Garrison's charges) he claimed to identify me from T.V.

I have positive proof of contradictions in Mr. Craig's public statements. For example: he said I had scars on my face and graying temples. Later he said I did not have scars on my face. Incidentally, I don't have graying temples. It was also interesting to learn that a job was created in New Orleans for Mr. Craig, by one of the companies financing Mr. Garrison.

From the moment of the assassination, determined efforts have been made to place the blame on other than a Marxist.

Some of the people alleged to be working with Mr. Garrison have very questionable records, such as Mark Lane and Harold Weisberg. Refer to report by the Chairman of the House Committee on Un-American Activities on the back of Page three.

Just prior to naming me, Mr. Garrison was at a secret meeting at the Center For The Study of Democratic Institutions (The Fund for the Republic, Inc.) in Santa Barbara, California. This is a tax-free foundation, well known for its efforts to destroy our Constitutional Sovereignty by promoting a One-World Government.

\*\*\*\*\*

Numerous reliable witnesses verified I was in El Paso area the day of the assassination. I also have irrefutable documentation of this fact.

I was on business for my employer, Dr. Carl McIntire, Director of the 20th Century Information Hour Broadcast. Leaving Tulsa, Oklahoma by bus the evening of November 21st, it was necessary for me to travel all night in order to arrive in El Paso, Friday 22nd, in time to complete my business there that day. I had other pressing business in Prescott, Arizona and could not stay over until Monday.

Immediately after being accused, I asked for a lie detector test by the FBI, or any reliable organization. Mr. Cris Gugas, a Criminologist and recognized as one of the world's top Polygraph experts, volunteered his services.

Since drugs, alcohol or certain mental disorders may keep one from responding properly, I was given a complete physical examination by a doctor unknown to me or my lawyer. Detectives were assigned to me from the time I left the doctor until the tests were completed. They verified I took nothing that could result in a false Polygraph reading.

Major questions asked while on the Polygraph machine were:

- 1) Were you in Dallas in 1963 or 1962?
- 2) Were you ever in New Orleans or the Scott Airport prior to 1967?
- 3) To your knowledge, have you ever met or talked to Clay Shaw, Lee Harvey Oswald, David Ferrie or Jack Ruby?
- 4) Were you in any way a part of a conspiracy to assassinate President Kennedy?

(The answer to each of these questions was a firm "No".)

Mr. Cris Gugas stated the Polygraph tests proved, without a doubt, that I had no knowledge of any plot to assassinate President Kennedy and I was not in New Orleans or Dallas as was charged by Mr. Garrison.

This question has often been asked: "How was I going to New Orleans, if you were talking to me?"

366

Some of my reasons are as follows:

- a) I have committed no crime.
- b) Mr. Garrison has no jurisdiction over me, since I was never in New Orleans prior to April 1967.
- c) Since the conspirators have gone to the extent they have to frame me, they will go to any extent to make it stick.
- d) If I were to be tried in New Orleans, I would have to take dozens of witnesses, at my expense - transportation, room and board, etc. The amount would be prohibitive!
- e) One of the men who claims to be working with Mr. Garrison, when discussing me, made the following statement: "I don't care if he did it or not. We will convict him on circumstantial evidence!"
- f) Mr. Garrison warned that "not a 'conspirator' will escape." He said, "The only way they can get away from us is by killing themselves, because we're going to get every one of them." Since Mr. Garrison considers me to be one of the conspirators, I take him seriously.
- g) Still witnesses have had regrettable results by going to New Orleans. It was reported, that one witness was pushed through a plate glass window, landing on the patio below and is now in a mental institution.
- h) Numerous people from New Orleans have advised me not to go, warning me of the great risk involved.
- i) I understand the New Orleans system of justice is not the same as elsewhere in the United States.

\*\*\*\*\*

Governor Ronald Reagan granted a public extradition hearing for me June 26, '68 in Sacramento. For more than four months after the hearing the doors were left open to Mr. Garrison. The Attorney General of California wrote to Mr. Garrison's office, asking them to send any pertinent information or witnesses to Sacramento. There was no answer from anyone in Mr. Garrison's office.

November 3, 1968, Governor Reagan's decision was released. He ruled there was insufficient evidence to support Mr. Garrison's claim that I was in New Orleans in 1963. Extradition was refused, and the charges were dismissed by the Judge, upon the approval of the District Attorney of Los Angeles.

I believe Mr. William Gervish, Garrison's former Chief Investigator, when he said, "Garrison had no evidence; Jim has a philosophy about national headlines concerning arrests and charges, but few people read denials and correcting statements," I challenge Mr. Garrison to come to Los Angeles and interrogate me, under oath.

Why didn't those from Southern California go to local authorities if they felt they had valid evidence against me, instead of to Mr. Garrison? Why did they wait four years to reveal their so-called evidence? Unless those who took part in hampering my reputation try to make amends, they will likely find themselves in serious legal difficulty.

There are two types of assassins. One is as evil as the other. I have been the victim of Character Assassins. A parting thought - this could happen to any-

body be available for comment on this subject in the future.

# Bradley 'Seen' in Dallas on Day of Assassination

## Ex-Deputy Claims North Hollywood Man Posed as Federal Agent Near Death Site

BY JERRY COHEN AND ED MEAGHER

LA TIMES

Times Staff Writers

1-26-63

New Orleans Dist. Atty. Jim Garrison's extradition request for Edgar Eugene Bradley is based, at least in part, on a report that the North Hollywood man posed as a Secret Service agent in Dallas on the day of the John F. Kennedy assassination. The Times learned Thursday.

A former Dallas County deputy sheriff swore in an affidavit that he had positively identified Bradley as the man he talked with on the steps of the Texas Book Depository minutes after the slaying.

A 49-year-old Californian "represented himself as a Secret Service man" as he mingled with Dallas policemen just after the killing, Roger D. Craig said in the sworn document.

Craig's claim that he was a deputy sheriff on Nov. 22, 1963, and active in the very early stages of the Dallas investigation is supported by testimony in the Warren Commission Report.

### Bradley's Image

But in declarations to commission investigators, he did not mention Bradley, charged last month by Garrison with conspiring to murder President Kennedy.

He explains this by pointing out he did not associate the "Secret Service agent" with the North Hollywood man until he saw Bradley's image on a television screen just before Christ-

Bradley has denied the charge, has said he does not know any of the principals named by Garrison as plotters and that he will resist attempts to extradite him to New Or-

prime Garrison witness against Bradley.

Craig's affidavit is contained in an extradition request, prepared by Garrison. Its legality was approved Wednesday by Judge Stout, an aide to Louisiana Atty. Gen. Jack P. F. Gremlion.

Later, Louisiana formally requested Gov. Reagan to approve the extradition of Bradley.

The extradition papers were signed by Louisiana Lt. Gov. C. C. Aycock, who is acting governor in Gov. John J. McKeithen's two-day absence from the state.

"The papers have been sent to Gov. Reagan," said William Redmann, executive counsel for McKeithen.

### Says He Was Fired

Craig, who says he was fired by the Dallas sheriff's office shortly after the assassination, claimed he spoke with Bradley on the depository steps between "12:40 and 12:50 p.m." The President was shot at 12:35 p.m.

Craig told Garrison he sought to pass on to "the Secret Service man" information, but that the presumed agent "showed no interest whatsoever."

He described the man he thought to be a federal agent as being about 5-10 and having "darker than blond, but not very dark, hair."

That roughly matches the description of Bradley, West Coast business representative for Dr. Carl McIntire, a widely known broadcast radio evangelist of staunchly conservative bent.

"I've got many ideas of a number of American right-wingers, anti-communists, and so on,"

### Funds Raised

Dr. McIntire has repeatedly supported Bradley's denials and recently appeared at Southern California rallies designed to raise funds for the latter's extradition fight.

Craig said he had made his identification of Bradley from newspaper photographs.

His was not the only affidavit sent to the Louisiana governor's office to support Garrison's request for Bradley's extradition, however.

The controversial district attorney himself also swore to an affidavit in which he claimed he had evidence to show Bradley was "in Dallas Nov. 22, 1963, not in El Paso as he claims" and that Bradley was "actively engaged in accomplishing" the assassination.

Bradley says he learned of the assassination near the terminus of a Tulsa-to-El Paso bus trip. He voluntarily surrendered to Sheriff Peter J. Pitches here last month after Garrison forwarded a warrant for his arrest to Los Angeles.

Thursday, Bradley reiterated his statement about the bus trip upon learning of Craig's affidavit which appeared to take him by surprise and arouse his indignation.

"I challenge these people to take the same lie detector test I took," he said. "I was not in Dallas on the day of the assassination; I was not involved in any conspiracy and I do not know any of the persons named in the case."

Bradley took a lie test about two weeks ago and the polygraph expert who conducted the test said it cleared him.

Bradley also speculated Thursday about the possibility he may have an exact double, and added: "These people who accuse me will fail any lie detector test, unless there is somebody who looks so much like me that they think they are telling the

conspirators both before and after the assassination.

### 'Other Evidence'

Bradley says he has been in New Orleans just once in his life and that was for a short time in 1967.

Garrison said he has "other evidence" that Bradley discussed "in detail" with other plotters "measures to accomplish the assassination."

The district attorney late last winter charged New Orleans civic leader Clay Shaw, whose trial is scheduled in mid-February, with plotting the assassination.

He also claims that the late David Ferrie, eccentric pilot-preacher-hypnotist who died just after Garrison's investigation first became public, was a key to the conspiracy.

Garrison has sought to subpoena two California men active in anti-Castro adventures in 1963, Lawrence Howard Jr. of El Monte and Loran Hall of Kernville, as material witnesses, but thus far has been unsuccessful.

He claims the two have intimate knowledge of the involvement of Bradley, Shaw and Ferrie in a conspiracy.

Ex-Deputy Sheriff Craig told Warren Commission investigators he saw a man he later identified as Lee Harvey Oswald run from the direction of the depository and jump into a light-colored Rambler station wagon. The vehicle, driven by a dark-complexioned man, then sped away, according to Craig.

Later in the afternoon of Nov. 22, claimed Craig, he saw Oswald in a police interrogation room and that he told Houston Police Chief J. Will Fritz that Oswald was the man he had seen running.

According to the commission's report, Craig also claimed that when he pointed out to the

Fritz said that the incident occurred, and commission reported "could not accept the testimony."

In Dallas Times Herald Garrison had "gazed" Bradley long before he, Craig, supplied identification.

Craig moved back Dallas about two weeks ago from New Orleans where he had worked for a month as personnel manager for an auto firm owned by Willard Robertson, who heads a business man's committee supplying Garrison with investigative funds.

### 'Created' Job

Craig said he had created the job because he felt he had been "created" him and that he was essential to the firm.

He said he first got touch with Garrison in October to correct what he considered errors by the Warren Commission in interpreting his testimony about Oswald.

He claimed to have walked into his New Orleans residence a few three days before Christmas just as an image of Bradley was flashed on the television screen and was identified as a California man Garrison charged with conspiring. He claimed to have turned to his wife and said:

"That's the man who identified himself as Secret Service agent me."

Craig claimed: "I have always had that face in my mind. Everything that happened that day is picture in my mind. I remember his nose, complexion and cleft the chin. I can remember every word said that day."

Craig, 31, is married to the father of two children. His wife reported his story during interview at their Dallas residence.

The Dallas sheriff's office confirmed he

Kasab

4/28/69

DAILY SUMMARY OF ACTIVITIES

Monday, Apr. 28, 1969

Capt. Brown

1. Reviewed the progress of investigation.
2. Conference with Chief Houghton and Sgt. Nielsen.

Sgt. Nielsen

1. Sgt. Gutierrez will interview Joe Arnoff and wrap up the financial checks on the Kasab investigation. He will also check the El Fatah through various sources.

Gutierrez interviewed Joe Arnoff today (Report is attached).

2. Collins and Patchett interviewed Nancy Joan Hamilton, teacher at Horizon Hills Elementary School in Thousand Oaks. When observed in person she did not resemble the woman in the William Turner photograph. Following a comprehensive interview the investigators concluded that she had no connection with the case.

Beverly Ridge Estates

9255 Sunset Blvd., Beverly Hills

The Beverly Ridge Estates came to the attention of this unit through Peter Noyes and Dick Fox, who stated that somehow Jim Braden is involved in this multi-million dollar land and development venture. Noyes would not give his source of information only to say that this investigation unit should look into the structure of the corporation. Noyes indicated that this corporation was controlled by the "Mafia."

First glance investigation into the Beverly Ridge Estates indicates that the corporation was chartered on September 2, 1964. Its sole stock holders at that time were three brothers who are all attorneys, David Covey (Pres.) Sylvan Covey (Sec. Treas.) and Jules J. Covey (Vice Pres.). All three brothers are reported to be personal friends of James Hoffa.

The Beverly Hills Country Club is a subsidiary of the Beverly Hills Estates. It is rumored that this is probably a "Teamsters" pension family affair venture.

The law firm of Munger, Tolles, Richerhauser, 600 S. Hill Street, is presently (1-21-69) litigating a million dollar civil action against Beverly Ridge Estates.

378

7. Noyes identified his anonymous female caller who in another earlier interview called him to relate that she was "afraid of the Arabs in the Valley." This same tipster also told Noyes that who ever burglarized her home also scratched the name "Mafia" on her dresser. This female is now tentatively identified by Noyes as Mrs. Rigbee whose husband once worked for the Kassabs.

8. Noyes received a booklet entitled "Al-Fateh" from an anonymous informant who stated that it was being passed out on the campus at L.A. City College. This unidentified person also gave Noyes a "Bumper sticker which is being passed out."

NOTE: The bumper sticker which Noyes has in his possession is the same one used to make the front cover of this booklet. This investigator believes that Noyes or someone at his direction made the front cover of the booklet. The entire nine pages are all in Arabic writing. As of this time it has not been interpreted.

On 4-22-69, 1125, Noyes called via telephone to inform this investigator that his information regarding the Beverly Ridge Estates was no good. He added, "I don't want you spinning your wheels on this. There is nothing to it."

NOTE: A quick investigation of Beverly Ridge Estates indicated that one of the owners, an attorney named Jules Covey (Vice President) was at the Ambassador on the night of the shooting (I-1011).

*Gilbert*

GILBERT, KEITH D.

April 1, 1969

Gilbert was interviewed in San Quentin on the above date. Also present during the interview was Mr. C. E. Halderman of the Adult Authority.

Gilbert was asked about the letter he wrote to Senator Kennedy on March 1, 1967 stating that he, Gilbert, knew that Lee Harvey Oswald was a member of the "Minutemen." Gilbert admitted writing the letter stating that he had been given this information by Dennis Mower while both were in Canada during Gilbert's flight to avoid prosecution.

Gilbert has been interviewed by the F.B.I., Secret Service and the State Attorney's Office on the strength of this and other letters he wrote to government officials. He could not add any additional information other than this hearsay statement by Mower.

Other than these mentioned, law enforcement agencies, Gilbert has not been interviewed by anyone else. He has not been interviewed by the news media since he has been in San Quentin.

During the investigation of Gilbert's background, it was noted that he had, among his personal belongings and papers, a business card of Michael Wayne. Also, after Wayne was stopped and searched, after running out of the Kennedy crime scene, it was noted that he too had a business card of Keith D. Gilbert.

When questioned about this card of Wayne's, Gilbert stated that he could not recall who Wayne was. Although he could not identify Wayne's picture or recall the person who gave him the card, Gilbert did believe he got it at a gun show in Yuma, Arizona in 1964. He added that he had numerous business cards from persons he met casually and could not recall who each person was or where he met them.

Note: It is this investigator's opinion that Gilbert was being truthful and could not honestly recall Wayne.

A list of related photographs of individuals that he could identify, along with other photos of persons under investigation, plus unrelated mug photographs were shown to Gilbert. Of these pictures he was able to identify only the following persons: PHILLIP SCHEIB, CLINTON WHITE, DENNIS MOWER, CAROLE AYDELOTTE, ARTHUR AYDELOTTE, and ROBERT R. ROMERO.

A list of names, as in the above photograph questioning, was read to Gilbert with instructions to note only those names he actually knew or knew about. From this list, plus unrelated names he knew the following: PHILLIP SCHLUB, CLINTON WHITE, DENNIS MOWER, CAROLE and ARTHUR AYDELOTTE and ROBERT R. ROMERO.

323

Other names which sounded familiar to him were:

(1) Jerry Owen

- a) Gilbert stated that the name sounded like a person associated with Dr. McIntire or Dr. Swift, or some church. However, Gilbert could not recall ever meeting THIS PERSON. He did not identify the mug photo

(2) Michael McCowan

- a) Although the name sounded familiar, he could not recall where he heard it, or if it was a name of a person with a similar name. He could not identify McCowan's photo.

(3) Jean Ansel (aka Ortiz)

- a) Both names sounded familiar to him. Gilbert thought that she was a friends of a minuteman member known as Arataga (SIC).

(4) Edgar Eugene Bradley

Although he could not identify the picture of Bradley, Gilbert stated that he knew of Bradley through being associated with Carole Aydelotte. Also, he had seen pictures of him in the newspapers. Bradley, according to Gilbert, represents Dr. McIntire. Gilbert was told by Dennis Mower that Bradley was involved in the murder of Dallas Roquemore (SIC) whose death was listed as a suicide. This was supposed to have happened in Bradleys home. Gilbert did not believe the story stating that Mower disliked Bradley very much due to a problem between Bradley and the Aydelottes, and was just trying to get everyone against Bradley.

Gilbert stated that his knowledge of the "American Council of churches" was limited. He believes that this organization and the "National Council of Churches" are affiliated by the American Council being a subordinate satellite of the National organization.

Gilbert's religion is Mormon. He has not attended any church services at San Quentin which were conducted by Jerry Owen. He has attended some protestant services which were conducted by the prison chaplain.

His credit references were given as follows:

- 1) City National Bank in Beverly Hills
- 2) Security National Bank, Burbank
- 3) Elliott Furniture Glendale
- 4) Sears- Valley
- 5) Credit Union Motion Picture Industry at Sunset and La Brea S/W corner.

On 8-26-66, subject was convicted by a Jury of Assault with a Deadly Weapon regarding the above incident and sentenced on 9-26-66 to 1-10 years in prison.

On 2-25-65, a burglary occurred at the W.A. MURPHY CO., Powder Magazine, in Magazine Canyon in Sylmar. The subject was ultimately a prime suspect in this case. See reports under DR 65 436828, for further details and for evidence and contraband weapons subsequently seized. The subject while still wanted on the crime of 9-17-64, fled the country to Canada when he was identified in association to the burglary of 2-25-65.

While in Canada, the subject assumed numerous identities under various of his given aliases while using the name of RICHARD CARLBORG, he operated a mail order weapons outlet under the name of THE BRITISH ISRAEL ASSOCIATION.

Federal warrants were issued on the subject for Unlawful Flight to Avoid Prosecution regarding Grand Theft. Subject was ultimately arrested and returned to the United States by Canadian authorities in 1/66. Subject was booked on the charges by the L.A. County Sheriff's Office after extradition by L.A.P.D. on 2-5-66.

GILBERT was tried on the burglary of explosives and Receiving stolen Property and on 6-10-66 was sentenced to prison for 1-10 years. The two sentences were determined to run consecutively in effect making the total sentence for the 2 separate crimes listed above two to twenty years.

388

The subject's probation officer, FRED EISMAN, RA 8-9211, ext. 63838, recommended that the subject be sentenced to prison at the time of his sentencing in Dept. #115 in Superior Court on 6-10-66.

The following persons testified as character witnesses for the subject during his trial in May and June 1966.

FRED WILLIAM GABOURIE, SR., 367 W. Spazier, Burbank, (Attorney)

LOYD LEIBY BRENNAN, 3575 Wonderview, L.A.

DENNIS PATRICK MOWLER, 209 W. Lancaster Blvd., Lancaster

DIANA MOWLER (Mother of above), 209 W. Lancaster, Lancaster.

PAUL EDWARD HUNT, 209 W. Lancaster Blvd., Lancaster

RICHARD GLEN CARLBORG (Subject used this person's name as an AKA), 1245 Screenland Dr., Burbank

STEPHANIE ROMERO (Wife of ROBERT R. ROMERO, subject's ex-partner), 5030 Stern Ave., Sherman Oaks.

GILBERT's attorney was BERTRAND L. COMPARET of San Diego. This person is associated with various ultra-right wing groups and is a director of the CHRISTIAN DEFENSE LEAGUE. (See our files).

During the course of the subject's trial, BRENNAN, MOWLER, HUNT, and several other people including MARTIN THOMAS BOYD of the CHRISTIAN DEFENSE LEAGUE and HAROLD ERNEST BURROUGHS, a close associate of DR. WESLEY SWIFT, were observed to loiter in the trial area outside the courtroom to photograph law enforcement officers and witnesses associated with the case and to in general intimidate the proceedings. BURROUGHS was observed to make a telephone call from a phone booth adjacent to the courtroom to a person who he verbally identified as "SWIFT". Various members of this group were in radio communication with one another with very small walkie-talkie type of equipment and maintained surveillance both inside and outside the court building. There were strong rumors that "someone" would attempt to forcibly remove the subject from custody during his trial.

A felony warrant is outstanding for the apprehension of Keith Gilbert in respect to the previously mentioned assault against Warren Stewart and the later burglary of the Murphy dynamite magazine. According to information obtained from associates of Gilbert, he is armed and has stated that he will not be taken. His present whereabouts are unknown.

One item of interest is that another of Gilbert's associates was subsequently determined to be the Rev. Wesley Swift. Gilbert was known to have attended Rev. Swift's meetings of the Christian Defense League. This information was obtained by reporting agent from Robert Romero, who also admitted attendance. Gilbert has also been identified as having attended Southern California Freedom Council meetings. Also reportedly in attendance with Gilbert at the latter meeting were Troy Haughton and Dennis Mower.

Kieth;

Enclosed is the study sheet for distribution. I made no more than the 10 necessary copies. If any more are needed, we'll have to copy them from yours.

Hope you're coming OK on the projector. I also got a 20 minute one on German Anti-tank warfare, which includes how to hand-fight them. This should be of interest. Carl is coming over Wednesday evening and we're showing them then.

I've just finished drawing seven different kinds of booby-trap electrical igniters. We'll be all set on these at a later date. I also found my military explosives training kit, so am getting ready for a session on standard explosives.

I'll be home all afternoon Wednesday and Thursday after about three, if you need to get in touch. If you don't, I will assume that everything is all set for Sunday evening.

Incidentally, I just picked up 5 more manuals, including a good one on field fortifications, one on camouflage and another one on anti-guerilla warfare. I also found all my grenades.

Best regards,

KIETH DWAYNE GILBERT 205-2879

JEFFERSON COUNTY JAIL

Watertown, N.Y. Dec. 27 1965

Dear Friend,

GREETINGS in the name of Christ Jesus King of Israel!

I am well - I speak with no one - not even other prisoners - communication when needed is by sign language.

My mail goes out by my channels so I do not believe it is censored however incoming mail is.

My Guards treat me in a decent manner though they seem to be afraid of something. When first brought here the F.B.I. did not know whereabouts of some of my friends and was of opinion that they were going to break me out - the entire jail staff was on double shifts for a week and more roughly shook up. The slightest hint that some one was going to break me out - Right or Left would scare the whole town to death. But I don't mind.

I am in high spirits but it was a lonely Christmas and I am worried about Santa Claus.

I think you should bring every drop of 395

Use BOTH Right and Left FIST in this  
Fight - do NOT hesitate to put the fear of  
● into the Anti Christ as well as some of

become content living in mystery Babylon.

With the Race situation as explosive  
there I am surprised that they are so  
anxious to bring me there as this case  
could STIR UP all sorts of inter racial bad  
Feelings - at any rate I will TRY to delay  
my return until the weather is warm even  
though there will PROBABLY be PICKETS at  
my TRIAL. You might force the Ball issue.

I would like to receive TYPE WRITTEN  
copies of - Swift & Company, and other B.I.  
Religious material. even books + magazines.

● Letters + news welcome.

F.B.I. Ask me about Mower + Joe but I  
do not even speak just look them in the eye like

When I am brought to LA, force Religious

I am most anxious to receive news of my

W - WIFE WIFE  
I have been relieving some correspondence which is nice but people should type and sign with a number - I will have a general idea who it is from without that person asking for trouble.

I have some money but do not talk to guards so can buy nothing.

Please send the following - Shelled Hazlenuts, Regal Crown Sour Candies (assorted), Gum drops, Coffey flavoured candy - (Hard or soft) and some of my favorite Mickey mouse sticker candies also any assorted candy except - No chocolate - also a TOOTH BRUSH,

They seem to be scared of me for some reason what with half a dozen guards at night and only one during the day I wonder at their sanity.

Anything you send be sure to include a card as I will eat nothing from an unknown source, also include contents in paper bags as they will not allow me to have boxes + paper etc in the cell.

You might include a carton of CIGARETTES as I owe some favours around here - better yet CIGARS - OR EXTRA CANDY.

Send me copy of "The John Franklyn Letters" and "The Devil's Advocate" also any of Switts printed sermons or other such material - I will read same most carefully as I have lots of free time.

I am most anxious to hear some news of my case on the home front,

A turn key here named - SKULLY - has been trying to play games with me to get me to talk

The Rev. Dr. Wesley A. Swift, Pastor  
Church of Jesus Christ -- Christian  
Lancaster, California

My dear Dr. Swift,

GREETINGS IN THE NAME OF CHRIST JESUS,  
KING OF ISRAEL!

For some time I have wanted to write to you, but until now, I have considered it too hazardous. Now that I am safe for awhile (I am visiting a base camp), I can start to relax and get caught up on overdue correspondence.

First of all, Sir, I want to take this opportunity to thank you from the bottom of my heart for your uncompromising support and devotion to our cause-- Christian Nationalism. I realize that it took a great deal of fortitude and conviction to stand in favor of my actions during recent times, and I assure you, Sir, that all of my actions have been meant in the best interests of both our Father, Jesus Christ, and of our Country, the United Christian States of America.

Secondly, I want to apologize to you for all of the inconvenience which has been caused on my account both immediately after my departure and since. I heard of the recent road-block search on the public highway, and I want to assure you that when I find out who was responsible for the base UN-American display of sensationalism, they will receive the wages of their sin.

In closing, I want to assure you not only of my personal support, but of complete, unqualified support by the United CHRISTIAN STATES OF AMERICA, -- a Constitutional American Government in Exile.

In Christ's Service,

Greetings, In the name of Christ Jesus, King of Israel:

I enjoyed our recent chat very much, Keith, and I look forward to seeing you again soon.

We were again given the "run-around" by Southill Div. (P.O.) and were not able to pick up the remainder of your property. I am tired of playing footsie with cheap politicians who disguised themselves as "officers of the law", so we have no other alternative but make a political issue of it. If we are not given the ammo next week we are calling a press conference and we will have Mr. Compant file suit. I have made contact with an important news-man who may want to come out and interview you about the whole case, but don't talk to anyone unless we let you know in advance. However, this particular man is white, and while a "moderate-liberal" he has promised to give you a fair shake if he decides to use the story.

I talked with the person you wanted to see and he will see you the early part of November.

I am enclosing \$1.00 and 5 envelopes. Will send more next week. Pardon this small writing but am trying to cram this all on one page.

## CHRISTIAN COMMITTEE TO DEFEND KIEITH GILBERT

POST OFFICE BOX 3182  
VAN NUYS, CALIFORNIA 91407  
HOLLYWOOD 4-5161

R. G. BUTLER  
National Chairman

Dear Christian Patriot:

For some time, each of us has been aware of certain political and so called "religious" pressure groups who are constantly attempting to destroy Christian Nationalism and our American Heritage.

There is no doubt that each of us has had personal experiences with harassment, however probably not to the extent to which Kieth Gilbert has been subjected. The following pages will show that, because of his undying loyalty to the cause of freedom, Kieth has lost not only all of his personal possessions, but is now being charged with a felony that law enforcement officers admit Kieth did not commit, to wit: Grand Theft, and he is being held in jail in lieu of \$110,000.00 bail.

The purpose of this committee is two fold:

To inform Americans of the extent to which our enemies are willing to go to destroy active patriots;

To appeal for financial assistance to aid in the defense of a courageous Christian soldier.

We are privileged to have retained as counsel, that outstanding attorney, Bertrand L. Comperet of San Diego, California.

Your assistance in this effort is urgently needed. Let's draw the line here! Let's show the moneyed powers that Americans are ready to fight for that which is essential to preserve our liberty. Please contribute as generously as possible to the above address.

Thank you for your assistance in this time of turmoil.

Yours in Christ's service,

R. G. BUTLER, National Chairman

Millions of Americans receive daily reports of racial violence committed by communist inspired negroes. We learn of beatings, rapings and even killings. How many of us are concerned enough to help correct this deplorable situation? Or, do we even know how to correct it?

Late in 1964, Kieth Gilbert was arrested by officers of the Los Angeles Police Department and charged with "Attempted Murder". After being booked, he was described to members of the press as "a known racist and Minute Man". The true facts are: Kieth was an employee of a major oil company, assigned to a service station at Sunset Blvd. and La Brea Avenue--one of the busiest locations in Hollywood, California. As Kieth left for lunch, he was assaulted by one Warren Stewart, a negro of 3012 Alsace Avenue, Los Angeles, who was making loud offensive remarks. Kieth rebutted. The negro, described as an unemployed public relations man, drew a pistol and pointed it at Kieth. Grabbing the gun from the negro, Kieth fired it into the air to thwart the attack.

At the preliminary hearing it was revealed that, while Gilbert had no criminal record whatsoever, his black assailant was a twice convicted felon, having been convicted of burglary and raping a white girl. Meanwhile, so called civil liberties groups had begun work to see that the "poor innocent negro" was guaranteed all of his "civil rights". Due to pressure from the Anti-Defamation League of B'nai Brith, the Socialist Youth For Unconventional Action, the Oceanside Alliance for S.N.C.C. and numerous other civil rights organizations, Kieth was not allowed to file counter charges against the negro.

While Kieth was awaiting trial (released on \$1600. bond), the communist-trained revolutionary, Dr. Martin Luther King, visited Los Angeles. Then it hit the news media: "DYNAMITE THEFT REPORTED--DR. KING THREATENED". Some dynamite had been stolen that morning from a magazine in a nearby community. Police, knowing the identity of the true thieves, made arrests, booked and obtained confessions. However, due to the afore-mentioned pressure groups and their desire to persecute a patriot for this timely occurrence, those arrested were released and the hunt for Kieth Gilbert was diligently pursued. Since all of the publicity on his assault charge was still fresh in the public mind, Kieth Gilbert was also charged with this theft. While King, protected by scores of Los Angeles Police officers, was addressing an audience of racial agitators in one of Hollywood's most fashionable synagogues, Kieth Gilbert was being hunted by police and later by the F.B.I. Police broke into Gilbert's apartment, claimed they found some dynamite, and THEN obtained the search warrant. Subsequently, a new warrant for arrest was issued, charging Gilbert with Grand Theft and Receiving Stolen Property. Bail on this warrant was set at \$110,000.00.

Two days after King had spoken in Hollywood, Gilbert's whereabouts were still unknown. Late that same night, as they were returning from a religious conference, Kieth's minister, Dr. Wesley A. Swift, Mrs. Swift, and two church laymen were stopped by a road block specifically set for their vehicle at a mountain pass in Kern County, California. All were pulled from

409

their car, the men being forced into the mud and Dr. Swift's glasses being knocked from his face. Cocked shotguns were placed against the backs of their heads. The officers made accusations against all these men and demanded information on the whereabouts of Kieth Gilbert. At no time did any of the thirty officers make inquiry as to the identity of these four religious people while holding them at gun point for one half hour in freezing cold temperatures without their coats.

Gilbert, afraid of being railroaded into prison, and terrified of the "shoot to kill" order issued by police, was at large until December of 1965, when he was apprehended in Ontario, Canada.

Kieth is now in the Los Angeles County jail, awaiting trial. Even now while in jail, pressure groups such as the A.D.L. and other are using all of their influence to see that this "terrible racist Minute Man" is punished. They are using every means to deny him his Constitutional rights---all because of his dedicated Christian Nationalist beliefs; because he is ever fighting relentlessly to re-establish the American spirit of 1776.

Shall we passively acknowledge another casualty in our battle for liberty and justice? Will we allow this brave Christian soldier to be thrown to the lions? Now is the time to support and defend the ones who fight the good fight for ALL of us.

Your assistance in this effort is urgently needed. A good defense takes a great deal of research and a great deal of money. Please send any contribution, large or small, to the above address, NOW.

THANK YOU AND GOD BLESS YOU.

Inspector McCauley  
August 1, 1968  
-1-

During the course of their investigation and search for Gilbert, who is the subject of an unlawful flight case, Special Agents Paul Quinn and Vincent O'Neil, FBI, recently sought an interview with Officer White at Valley Services Division when they learned that he knew Dennis Mower, a known associate of Gilbert. Upon arriving at that division, they talked to a sergeant (name unknown) who, after a slight reluctance, made White available to them. Interestingly enough, said sergeant told White in the presence of the agents, "you don't have to talk to the if you don't want to." However, White volunteered to speak with the agents.

He stated that his only acquaintance with Gilbert was as a tenant of his sister, Mrs. Iverson. White admitted attending a meeting or rally some months back where Mr. Troy Houghton, west coast director of the Minutemen, spoke, and he recalls meeting Dennis Mower there. He indicated his interest in the meeting was purely political, with no further explanation. He questioned the legality of the entry to his sister's property for purposes of recovering the aforementioned dynamite and also questioned the legality of the unlawful flight warrant. He further asked, "where did you get the idea Gilbert is out of the State?" He became further brash in his manner and admonished the FBI for not investigating Martin Luther King, who deals in Washington so frequently. He also alleged the U.S. Government is loaded with communists and that the FBI should allocate their time in this direction.

Agents Quinn and O'Neil gathered the impression that White may have extremist leanings and felt that he was not really cooperating, backed off and terminated their interview.

The aforementioned information is particularly interesting, since this Department and several of its officers, including the undersigned, have recently been named in large civil claims for damages arising out of this case. It is possible that Mrs. Iverson has been advised not to accept payment for the aforementioned telephone charges, with a view to levying a claim against this Department in connection with the recovery of the dynamite on her property.

Respectfully,

MR. C. PENA, LIEUTENANT  
COMMANDER, FOOTHILL DETECTIVE DIVISION

AUGUST BULLETIN - "D" & "E" Sections MINUTEMEN  
(by 1212 (Temporary Director of D-Section))

PSYCHOLOGICAL WARFARE.

Today's wars are not being fought with conventional weapons. They are being won or lost by infiltration, subversion and propaganda.

While other Americans wonder if or when we might get into another war, we Minutemen know that World War III has already started. A life or death struggle is raging right now between the forces of freedom and the conspiracy that is attempting to enslave all mankind.

The Minutemen represent one of the few groups that have not been infiltrated and largely neutralized by communist agitators. Still, we are fighting this vicious type of psychological warfare against an enemy that has many advantages on their side.

One advantage that the communists have is that of party discipline. Various communist leaders can twist the truth however they need to for their own purposes. Members of the communist party never question this. They never threaten to resign just because the communist leaders make some statement with which they personally disagree.

If we are to have a fighting chance of victory, then our own members are going to have to place a reasonable amount of trust in the organization they belong to. Our members must realize that certain statements made by Minutemen leaders are designed for their propaganda value. Some of our statements may be made to confuse or misdirect the enemy.

If the membership of the Minutemen demand that their Executive Council fully explain everything we say or do, then the propaganda value of such statements will be lost.

ANTI-MINUTEMEN PROPAGANDA

Patriotic resistance movements are always vulnerable to propaganda. One thing that our enemies will certainly do is to try to cause friction and hard feelings between different patriotic organizations. We must not fall victim to this trap.

Even though the leaders of other patriotic organizations may be tricked into making statements against the Minutemen we must resist the temptation of striking back. So long as we are all fighting the same enemy, we must avoid fighting with each other at all costs.

Another trick that the communists will certainly use is to discredit the leadership of all patriotic movements. They will attempt in every way possible to convince our members that they can fight as effectively by themselves as they can as part of the Minutemen organization.

During recent weeks a widespread whispering campaign has been launched by the communists against the Minutemen organization. In this campaign they are attempting to convince individual patriots that they should avoid the risk of belonging to any organization. These rumors are designed to convince you that you can fight more effectively by yourself than as part of a group. This is not true. The thing which the communists fear most is the organization of an underground army before they have achieved complete control in this country. Working alone it would be only a matter of time until they pick us off one by one.

YOU NEED THE MINUTEMEN

Here are five basic reasons why every member needs the organization.

1. Morale. This is going to be a long, hard fight. Before it is over all of us will be tempted to give up a dozen times over but we must fight on no matter how dreary the outlook might be. To do this you will need the moral support of your loyal companions.

If you are captured or held prisoner, it will be important for you to know that others are aware of your situation and that they will help you to escape if at all possible. It is important to each person's morale that they have the assurance of being hidden and cared for should they become sick or wounded.

422

Few people have the courage to fight on against a situation that seems hopeless when they are all alone. We must give each other the strength and courage needed for ultimate victory. That is the first reason why you need the Minutemen organization.

2. Information. To defeat your enemies you must know all you can about them. It is not enough simply to say the enemy are "communists". We must know what kind of cars they drive, where they live, their physical appearance, their strong and weak points, their habits and travel patterns. In addition to knowing the enemy there are a hundred other types of information which you will need. The Minutemen organization has already compiled more information in its files than anyone of us could accumulate in a lifetime.

To fight effectively you will need this information and this is the second reason why you need the Minutemen.

3. Equipment. Each member is expected to own his own gun, ammunition and other combat gear. These things are just the beginning of what an underground resistance fighter must have. The time may come that your life will depend on counterfeit identification papers. The lives of your family may depend on counterfeit food ration stamps. Few individual members have the equipment necessary to engrave and print such documents.

Most Minutemen are storing away food, ammunition, etc. What about photographic film? Communications equipment? Machinery to fabricate your own weapons? Surgical and medical supplies? Equipment for electronic surveillance? etc. etc.

As a group, the Minutemen are obtaining and stockpiling such equipment which you may sometime need most desperately. This is the third reason why you need the Minutemen organization.

4. People. There are many things that one person can do alone. A single saboteur can wreck a train or demolish a building. One spy, with skill and nerve, may penetrate the enemy's most vital secrets. Still there are limits as to what one person can do. Suppose you need a pilot but you can't fly. Suppose you need a radio operator but you have never learned the continental code. Suppose you have succeeded in intercepting a coded enemy communication but your band does not include a crypto-analyst. Suppose you succeed in capturing a number of enemy demolition charges but your band does not include an expert that knows how to use them safely.

There will be many times that your individual group will need the help of outside specialists which the organization can supply. This is the fourth reason why you need the Minutemen.

5. Coordination. During World War II the guerrilla forces in Greece were almost annihilated by the Nazis simply because they lacked coordination. Time after time two different bands would attack the same installation. The first group would alert the German troops, reinforcements would be called into the area and the second group would walk into a trap. At night one band would frequently walk into an ambush or booby traps set by a friendly band. This situation was corrected only when British Agents were sent in to coordinate the various guerrilla forces.

Without coordination the anti-communists will be almost as dangerous to each other as to the enemy. We must have coordination. This is the fifth reason why we all need the Minutemen organization.

AND THE ORGANIZATION NEEDS YOU.

Our intelligence branch has recently sent an urgent alert to the Executive Council. This report contains alarming information as to the rapid increase of communist control within this country. The communists are moving into position from which they can launch an offensive at almost any time.

There are a hundred different things that desperately need to be done and the organization needs trained people that can be assigned to these projects. We have found that those members that do not have the interest to complete their basic correspondence training can seldom be counted on to see the job through when assigned to some more important activity. We must have people that we can depend on.

423

The "D" and "E" sections of the Minutemen to whom this Bulletin is directed include a large number of members who are now part way finished with their correspondence training programs. Those of you who are now working on this training course are urgently requested to complete this training as fast as you possibly can. We can assure you that you will be assigned to a useful and important activity just as quickly as your training is completed.

#### HELP SUPPORT YOUR ORGANIZATION

All of us in the National Headquarters are discouraged at the number of complaints that we receive every day from our members.

"Why haven't I received my On Target on time? Why hasn't my letter been answered? Where is the material I ordered last month? Why haven't I received the information I requested?"

These and many other questions all have the same answer... We are so understaffed that we simply cannot take care of the amount of work there is to do. We don't have enough time, enough people, or enough money.

It seems that we are caught in a vicious circle. If we were able to operate as effectively as we would like, then our members would probably be glad to give us the financial support we need. On the other hand, if all of our members would pay their dues promptly, we would be able to support the necessary number of workers in our headquarters to operate with the efficiency all of us desire.

If every member would just send in \$2.00 or \$3.00 extra this month it would enable us to put in enough inventory of tapes, paper and some other supplies that would help a lot in speeding up the activities of our National Headquarters. To keep up with our mail each secretary in our office would have to answer nearly 50 letters a day. It simply can't be done. This does not start to consider the countless hours necessary for filing and indexing the incoming intelligence data or to package and ship supplies to our various Regional Headquarters. Other persons at our headquarters are engaged in research and development of new equipment. Others are working on grey and black propaganda projects which no one outside of their own secret group would ever connect with the Minutemen organization. Still, other members are working full time within the enemy apparatus. Some travel full time as couriers for the underground section of the organization.

All of these people have to have at least a minimum of living expenses.

The communists long ago gave up trying to support their activities by the collection of dues from their own members. At the present time the communists obtain their money in the following ways:

1. Misappropriation of funds. By infiltrating the tax free foundations. By raiding union retirement funds. By stealing money entrusted to them by elderly people who fall victim to communist lawyers.

2. Blackmail. The communist party includes hundreds of sex perverts and teen age girls who work full time at putting wealthy men in a position where they can be blackmailed to support the communist party.

3. Through the sale of narcotics. When the drug companies of the United States sent supplies to Castro in exchange for those prisoners captured at the Bay of Pigs they included hundreds of pounds of morphine. This morphine has been treated with acetic acid in Cuba to produce heroine which is 20 times as addicting as the original compound. This heroine is now being smuggled back into the United States by phoney Cuban refugees. It is being used to both help finance the communist conspiracy and to subvert loyal Cubans.

4. Pornography. The sale of pornographic literature and photographs is almost entirely controlled by communists and their fellow travelers. This brings in over 25,000 dollars every week to the communists.

5. Through the operation of "legitimate" businesses such as night clubs, whiskey distributorships and other industries where honest competitors are often forced out of business by violence.

ARE WE TO LOSE THE FIGHT AGAINST COMMUNISM BECAUSE WE CANNOT USE THESE ILLEGAL MEANS OF OBTAINING MONEY AND BECAUSE OUR OWN MEMBERS FAIL TO SUPPORT THEIR ORGANIZATION FINANCIALLY?

### PRACTICAL SECURITY MEASURES

1. Use deceptive measures. Subscribe to one or more left-wing periodicals or get on the mailing list of some "peace movement". This will keep the postal inspectors guessing as to which side you are really on. See the December issue of On Target for names and addresses of many left-wing organizations or write to National Headquarters for this information. While doing this our members can be of great assistance in searching this left-wing literature for names and addresses of fellow travelers and forwarding this information for our Central Intelligence files. We desperately need people to assist in this work. Please inquire as to detailed instructions for such activity.

2. Always use two envelopes in sending mail to any patriotic organization or to any other member of our own organization. Do not put a return address on the outer envelope. Put your return address on the inside envelope with the words, "Return postage guaranteed".

3. Place some opaque material such as tin foil, carbon paper, etc. between the inner and outer envelopes to prevent your mail from being read by infra-red cameras.

4. Send all letters from corner mail boxes or from post offices where you are not known.

5. Be careful in the use of the telephone. Avoid telephone calls to National Headquarters or to known members of the organization as much as possible.

6. Prepare telephone codes ahead of time for future protection.

7. In recruiting new members always learn as much as you can about the prospective recruit and make sure he is not an infiltrator. before you identify yourself as a member of the organization.

8. Members of the organization in each area should be divided into four groups.

A. Those who have been identified publicly or by law enforcement agencies as members of the Minutemen.

B. Those persons not known as members of this organization but who are generally known as being patriots.

C. Those persons who have kept their political beliefs hidden.

D. Members who profess to be liberal for the purpose of infiltrating enemy organizations.

SPECIAL ASSIGNMENT

The biggest single difference between the Minutemen Organization and other patriotic groups has been our insistence on hard facts rather than wishful thinking. If we are to plan our future activities most effectively we must utilize proper intelligence techniques and secure the necessary information for making accurate decisions.

The coming presidential election is extremely important to the future of our organization and our country. We do not believe that the battle against collectivism will be won or lost on this election but our own strategy must be based on an accurate prediction of its outcome.

Most public opinion polls are conducted by persons sympathetic to the left-wing. They are often conducted to mold public opinion rather than actually test public opinion. For example, the public opinion polls predicted that Nixon would be beaten very badly by Kennedy in the last presidential election. As it turned out, Kennedy won by the narrowest margin in spite of widespread voting irregularities. A more recent poll predicted that Goldwater would lose the California primary by a big margin whereas he actually won quite easily.

When such polls are taken in a careful and well-planned manner they can provide an accurate reflection of public opinion. Our organization will therefore, conduct two different public opinion polls between now and the November election in hopes that we can obtain advance knowledge as to the probable outcome.

To do this we have selected one thousand of our own members based on state populations. A balanced number in each state have been selected from rural and urban areas. You are one of those selected to help us conduct this public opinion poll.

It is very important that every person assigned to this project shall complete it in exactly the manner prescribed. If too many of those assigned to this project do not complete their work it will throw the whole thing out of balance and could cause us to reach the wrong conclusion.

This survey is to be made by telephone shortly after the close of the Democratic Convention. All calls should be completed between noon, September 1st and noon, September 3rd. The Survey Record Forms should be mailed back to us not later than midnight September 4th.

B. Those persons not known as members of this organization but who are generally known as being patriots.

C. Those persons who have kept their political beliefs hidden.

D. Members who profess to be liberal for the purpose of infiltrating enemy organizations.

429

All members should be very careful in making contact with persons in a different category than themselves. For example, people in Class D should be very secret in their contacts and communications with persons of Class A or Class B. Each member must respect the security of every other member. Do not, under any circumstances, identify one member of the organization even to other members without his expressed permission on each and every occasion.

9. Avoid loose talk. Do not discuss organizational plans in public places where you could be overheard. Do not even hint at such a discussion in the presence of non-members.

10. Do not write patriotic letters to newspapers or magazines under your own name. To do so achieves very little except to identify you to the enemy.

11. If you are already known as a patriot, or as a member of this organization you may find it advisable to spread the rumor that you have become disillusioned with the right-wing or for you to pretend a gradual loss of interest.

12. Classify your various members addresses, your communications and your other activities as "top secret", "secret" or "restricted". Use your most secret lines of communication only for the most important messages rather than flooding them with unimportant material.

13. Demand obedience to all security measures from all members. Persistent disregard for security measures should be cause for disciplinary action.

14. Check your lines of communication from time to time by sending phoney messages to make certain they are not intercepted.

15. Change mail drops, meeting places, etc. frequently.

16. Prepare secret rendezvous points, mail drops, etc. now that may be used in time of some future emergency.

17. Each band should assign some member the rank of Security Officer and should set up a system of fines or other penalties for failure to comply with security precautions.

18. Observe the "need to know" rule. Each member should be given only that information which is needed by him in the performance of his duty or which he will need in cooperating with other members of the band. No member should feel "left out" because he is denied such information. Instead every member should willingly avoid information which he does not need.

19. Be careful that you are not followed in going to and from meeting places or in making contact with other members of the organization.

20. Keep all records and correspondence carefully hidden and in a manner that they can be easily destroyed. Records should be kept in code whenever possible.

430

There are four principal qualifications for an accurate public opinion survey:

- a. The number of people questioned must be large enough in proportion to the total population to meet certain statistical requirements.
- b. The person questioned must be a typical cross-section of the total population.
- c. The persons taking the poll must not prejudice the answers by asking "leading questions".
- d. The results must be analyzed by proper mathematical methods.

What we want most in this poll is accuracy. It is important, therefore, that each member taking part in this special assignment be careful not to let his personal preferences effect his activity in any way. You are hereby requested to proceed with the taking of this poll in your area with the following steps:

1. Conduct your poll by telephone using names and numbers chosen purely at random from your local telephone directory.
2. Conduct each interview by using as near as possible the exact language of the interview outline that is enclosed.
3. Write down the information obtained in the proper spaces of the "Survey Record Forms" which are also enclosed.
4. Make as many calls as are necessary to conduct ten complete interviews in which the person you are talking to answers "yes" to question No. 1 and gives a definite answer to question No. 2.

You may find that you will have to make twenty or more telephone calls in order to complete ten actual interviews. These calls can be made at anytime of the day that is most convenient to you but it is best to avoid calling at mealtime, too late at night or too late in the morning which might inconvenience the person being interviewed.

Practice reading the interview outline several times so that you can do so easily and without hesitation when you start making your calls.

Conduct your interviews in a business like manner. If you act as though you fully expect each person to cooperate with you fully, they will be more inclined to do so.

Be sure and record accurately the name and address of each person you talk to. We will need this information to spot check the accuracy of our reports, and may also use these lists for mailing out other material.

432

(Survey Outline)

If an adult answers the telephone, say:

"IS THIS MR. JONES?" (Mrs. Smith, etc.)

As soon as you know for sure whom you are talking to proceed as follows:

"THIS IS A PUBLIC OPINION SURVEY. I'D LIKE TO ASK YOU A FEW QUESTIONS ABOUT THE COMING PRESIDENTIAL ELECTION. COULD YOU SPARE ME JUST A FEW MINUTES?"

If the person should ask some question such as, "Who is this calling?" or "What is this all about?" just repeat your opening statement slowly and distinctly. If they ask who is conducting the poll just say: "Well, that's the name of it, Public Opinion Survey", and go on to your next question.

- (Q. No. 1) "FIRST, I'D LIKE TO ASK, MR. JONES, ARE YOU REGISTERED TO VOTE?"

(Write their answer in the first column and proceed with the next question)

- (Q. No. 2) "HAVE YOU DECIDED YET WHO YOU WILL VOTE FOR AS PRESIDENT IN THE NOVEMBER ELECTION?"

(Write answer in second column and proceed with next question)

- (Q. No. 3) "IF YOU ARE MARRIED DO YOU KNOW FOR SURE WHO YOUR WIFE (HUSBAND) WILL VOTE FOR?"

(If they answer that they are not married or do not know how their spouse will vote, note this in the third column. If they mention a candidate, put the candidate's name in Column 3.)

- (Q. No. 4) "NOW ONE LAST QUESTION. WHAT ONE FACTOR HAS INFLUENCED YOU MOST IN DECIDING TO VOTE THE WAY YOU PLAN TO?"

(Write down their answer in Column 4, thank them for their time, and hang up without further discussion)

IMPORTANT REMINDERS

1. Make enough calls to get ten complete interviews.
2. Make all calls between September 1st and September 3rd.
3. Mail your reports back to us not later than midnight, September 4th.
4. Be accurate and complete.

But if the whole earth was covered by six miles of water, then all nations must have been completely exterminated. Yet Babylonian, Egyptian and Chinese history runs right through this period without a break. The Bible gives the date of Noah's Flood as commencing in 2345 B.C. and ending in 2344 B.C. In lower Sumer, later called "Chaldea" (and which occupied the same "Plains of Shinar" to which Noah's family journeyed after the flood), the City of Ur of the Chaldees was the leading city from about 2,400 B.C. until about 2,285 B.C., and its history is not broken by any flood in this period. Farther to the north, Babylon was rising to power from about 2,400 B.C. on, and reached a great height of civilization under the famous King Hammurabi, who lived at the same time as the Hebrew patriarch Abraham (about 2,250 B.C.), and again there is no break in this history due to a flood. In Egypt, the Eleventh Dynasty began to reign about 2,375 B.C. over a great and powerful nation; the Eleventh Dynasty ruled to about 2212 B.C., and were followed by the Twelfth Dynasty, which ruled to about 2,000 B.C. There was no break in the Eleventh Dynasty at the time of Noah's Flood, 2345 B.C.; and the nation continued to be large and powerful throughout this period.

Accurate history of China begins nearly 3,000 B.C. The Shu-King, historic record of China, shows that King Yao came to the throne in 2356 B.C.---11 years before the start of Noah's Flood---and ruled China for many years after the Flood. During the reign of Yao, the Shu King reports that the Hwang Ho River (which drains mountains and a great basin in Sinkiang province) had excessive floods for three generations. Here, again, there was no break in history, the Chinese nation was not wiped out, but its own records show that it continued in existence right through the period of Noah's Flood.

Therefore, the Bible is correct in stating that the Flood covered only "eh-rets"---"that land"; and the translators are wrong when they change the meaning of what Moses really wrote in the 7th. chapter of Genesis, and say that the Flood covered all "the earth".

This leaves us ready to inquire where the Flood did occur. For this, we will have to start with Adam and Eve, and trace where they and their descendants went. They started out in the Garden of Eden. Genesis 2:10 to 14 tells us that a river went out of Eden, and this river divided into four streams. It names these four rivers: Pison and Gihon (neither of which can be identified among the rivers existing today), and Hiddekel (which is the ancient name of the Tigris River) and Euphrates. The Tigris and Euphrates rise in what is today extreme southeastern Turkey, a little north of modern Iraq. Making some allowance for the fact that many rivers have changed their courses considerably in the course of several thousand years, this still places the Garden of Eden at the northern end of ancient Akkad.

When Adam and Eve were driven out of the Garden of Eden, Genesis 3:24 tells us that God placed cherubim with a flaming sword at the east side of the Garden of Eden, to keep Adam and Eve from returning and having access to the tree of life. If this guard was to accomplish anything, it must have been placed between Adam and the Garden of Eden, so we see that Adam and Eve were driven out to the east. From Eden, Adam's course would naturally have led him across northern Iran, around the southern end of the Caspian Sea, into what was formerly called Chinese Turkistan, and today is known as Sinkiang province in the extreme west of China.

In the southern part of Sinkiang, there is a great basin, rimmed by high mountains on all sides, but with an outlet on the eastern end of it, through the mountains where the headwaters of the Hwang-Ho River, the Yellow River, rises. This basin is today nearly all desert; but it bears the evidence of a fertile and heavily inhabited past. Explorers have found ruins of ancient cities, uncovered by the drifting sands of the desert. Also, the known geological structure shows that, in ancient times at least, beneath this desert lay enormous underground natural reservoirs, caverns filled with water---the same geological structure which furnishes artesian water in many parts of the world today. These underground reservoirs were covered by waterproof layers of rock, which kept the waters beneath from overflowing out on the land surface above them. In this mountain-rimmed basin, then a fertile, well-populated land, Adam and Eve---or at least their descendants of a few generations later---settled.

You who listen to this program already know that Adam was not the first man; he was only the first man in the present White Race. Adam and Eve found this land to which they had come already populated by an Asiatic people, among whom they had to live. Through the following generations, the inevitable happened: wherever there is integration, intermarriage and mongrelization of the races follows. But if God had no purposes in mind which could not be properly served by the Asiatic and Negro races, there would have been no reason for Him to create Adam; neither could the purposes which Adam and his descendants were intended to serve be fulfilled by a mongrelized race. The consequences of this mongrelization are described in Genesis 6:5---"And God saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually." Again, we find that the word there mistranslated "earth" is the Hebrew word "eh-rets", which means only "the land"---that particular land; and

NOAH'S FLOOD WAS NOT WORLD-WIDE  
by  
Bertrand L. Comparet

Among the many mistaken and unScriptural notions commonly taught in nearly all churches is the idea that the Flood, mentioned in the Bible, covered all the earth, and drowned everybody on earth excepting only Noah and his family, who escaped death by being in the Ark. So many churches have firmly insisted that the Bible says this---when there is ample proof that the Flood was not world-wide---that they have destroyed the faith of multitudes of people in the Bible, made atheists or agnostics out of hundreds of thousands of people who might have become Christians if they had only been taught the truth about the Bible.

Part of this mistaken idea about the Flood is due to the many mistranslations found in the commonly-used King James' Version of the Bible; but also, part of it appears plainly to be false if you merely carefully read even the King James' Version. Let's have a look at it.

In Genesis Chapter 6, we read that God found the people so corrupt that He regretted that He had ever created them, so He decided to wipe them out by a flood; and He warned righteous Noah of the coming flood, and told Noah to build a great boat, or ark, in which he and his family might find safety, and where they might preserve a few of each kind of the animals. In Chapter 7, it tells how Noah received the final warning that the time was now at hand, and he should move into the ark. Then it says---according to the King James' Version---"And it came to pass after seven days, that the waters of the flood were upon the earth. In the six hundredth year of Noah's life, in the second month, the seventeenth day of the month, the same day were all the fountains of the great deep broken up, and the windows of heaven were opened. And the rain was upon the earth 40 days and 40 nights. \* \* And the waters prevailed, and were increased greatly upon the earth; and the ark went upon the waters. And the waters prevailed exceedingly upon the earth; and all the high hills that were under the whole heaven were covered. 15 cubits upward did the waters prevail; and the mountains were covered. And all flesh died that moved upon the earth, both of fowl, and of cattle, and of beast, and of every creeping thing that creepeth upon the earth; and every man. \* \* And the waters prevailed upon the earth 150 days. And God remembered Noah, and every living thing, and all the cattle that was with him in the ark; and God made a wind to pass over the earth, and the waters asswaged. \* \* And the waters returned from off the earth continually, and after the end of the 150 days the waters were abated. And the ark rested, in the 7th. month, on the 17th. day of the month, upon the mountains of Ararat. And the waters decreased continually until the 10th. month; in the 10th. month, on the 1st. day of the month, were the tops of the mountains seen."

Now, first, let us see what the translators have done to what Moses originally wrote. You remember that the King James' Version says that the rain was upon "the earth", and the waters increased greatly upon "the earth:" and that "all flesh died that moved upon the earth." But are they right in translating this "the earth"? Definitely not! Remember that in Genesis 4:14, when God has driven Cain away in punishment for his murder of Abel, the King James' Version quotes Cain as saying "Behold, Thou hast driven me out this day from the face of the earth." No what did Cain do? Climb into his rocket ship and take off for outer space? Of course not! He was not driven from the face of "the earth", and he never said so---only the translators said so. The word Cain used was "ad-aw-maw", meaning "the ground": God had told him that his farming would no longer be successful, so Cain said "Thou hast driven me off of the ground." (And you have probably noticed that Cain's descendants today are not farmers: they run pawnshops and other money-lending institutions.)

When we come to the 7th chapter of Genesis, where it is talking about the Flood, wherever it says that the Flood covered "the earth", the Hebrew word used in the original writing by Moses was "eh-rets", meaning "the land"---the flood did cover the particular land where it occurred. That is, it was a local flood which covered one particular region or land, not the whole earth.

Again, notice that it specifies that "15 cubits upward did the waters prevail; and the mountains were covered." In ancient times two different lengths of the cubit were in use: the Hebrew sacred cubit of 25 inches, and the common cubit of 20-5/8 inches. Therefore, the waters rose above the tops of the mountains it is speaking of by either 25 feet 9 inches or 31 feet 3 inches, according to which cubit you use. If this meant that all the mountains on earth were covered, the waters would have to cover Mount Everest, which is nearly six miles high: therefore, all the earth would be covered by water six miles deep. In that case, where could it have run off when the Flood subsided? No, I don't mean that the Bible was that badly mistaken: only the translators made this mistake, because they took a Hebrew word "eh-rets" which means "that land" and mistranslated it to mean the whole world. A little later, we shall look over the evidence which proves where "that land" was.

436

exactly as Genesis 7:19-20 says. Don't be misled by the mistranslation, "all the high hills that were under the whole heaven were covered." The word mistranslated "heaven" is merely the Hebrew word "shaw-meh", meaning "the sky". Since this Tarim Basin is somewhat more than 350 miles wide by more than 650 miles long, all the sky visible from anywhere near the center of this valley would cover only this valley, and therefore only those lower mountains which were within the valley itself.

But what about Genesis 8:4, reading "And the ark rested in the 7th month, on the 17th day of the month, upon the mounting of Ararat."? Sometimes failure to translate can be as misleading as mistranslation. Most people understand this to mean Mount Ararat, in Armenia, some 1,600 miles west of the Tarim Basin. But this is NOT what the Bible says. First of all, note that it says "mounting of Ararat", mountains being in the plural, while Mount Ararat in Armenia is only a single peak. But Mount Ararat in Armenia was known until comparatively recent times as "Mount Massis", and nobody had ever heard of it being called "Mount Ararat" in Bible times. Furthermore, the Hebrew word "ararat" means only "the tops of the hills." Therefore, correctly translated, Genesis 8:4 merely says that the ark came to rest upon the tops of the high hills---some of the lower mountains which were within the valley.

A recent newspaper report mentions an expedition, equipped with the latest electronic equipment, which is going to Mount Ararat in Armenia to find the Ark, and which will melt the ice which covers the Ark by coating it with black powdered carbon. They won't find Noah's Ark, for it is not there. Several expeditions have gone to Mount Ararat to find the Ark; some of them got within sight of a mass on the side of the mountain which, from that particular point of view, looked to be shaped somewhat like a ship. That point has been very carefully inspected from the air, by airplanes flying over it very close, and it has proved to be nothing but a ledge of rock which does give a silhouette shaped like a ship, when seen from the right direction. I need not mention the many places---such as the Grand Canyon, etc---where similar "ship rocks" can be seen---and none of them are Noah's Ark.

So, when we carefully examine the whole affair, and correct the mis-translations, we find that there is no conflict between what the Bible really says and either science or history. In fact, there never is any such conflict: it is only the preachers who find themselves contradicted by either science or history; and that is only because they either won't take the trouble to find out what the Bible really says, or they have made the mistranslation a supposedly sacred church doctrine, and now they are stuck with it. Don't let any church shake your faith in the Bible: the Bible is always right, even if they are often wrong.

Let us remember another thing: the Chinese historical record, the Shu-King, records that during the reign of King Yao, at a time beginning about the date of Noah's Flood, the Hwang Ho River carried excessive floods for three generations. Drainage out of the Tarim Basin to the eastward would have been carried off in the Hwang Ho River, and would account for this.

Now we come to another false doctrine taught in many churches: that since nobody survived in all the earth except Noah and his family, everybody now living is a descendant of Noah and related by blood, no matter what race they belong to. But we have already seen that the Flood did not cover the whole earth but only one valley about 350 by 650 miles in size; that Chinese history was not interrupted by it, although they do record purely local floods in the Hwang Ho valley where the waters were draining off; we have seen that Egyptian history is not interrupted by the Flood, so the continent of Africa was not touched by it and the Negro race continued unaffected by it. It would be absurd to think that Noah and his wife, both of them being White, could have one white child, one Negro child, and one Chinese child. Remember that in Genesis 1:11-25, when God created the world and its inhabitants, and made the laws governing their reproduction, He did not make it absurd chaos, with whales giving birth to cattle and fish hatching out of birds' eggs: His law, several times repeated for emphasis, is always that each creature must bring forth strictly "after his own kind."

The churches which teach this false doctrine of everybody being descended from Noah never got it out of the Bible---that is, in any true translation of the Bible. As Moses wrote it in the Hebrew language, under divine inspiration, the Bible correctly tells that Noah's descendants went out into a world already populated by people who had lived right through the time of the Flood and were still going strong. Ferrar Fenton's Modern English translation gives this correctly. In Genesis 10:1-5 we read of the descendants of Noah's son Japheth, and it says, "From these they spread themselves over the sea-coasts of the countries of the nations, each with their language amongst the gentile tribes." Genesis 10:20 tells of the descendants of Noah's son Ham, "These were the sons of Ham, in their tribes and languages, in the regions of the heathen." Genesis 10:31 completes it: "These are the sons of Shem, by their tribes and by their languages, in their countries among the heathen."

So never let anybody tell you that the Bible consists of the fables of a primitive people. It is perfectly consistent with all true science and all true history: it is the history of our Race, the Anglo-Saxon, Scandinavian and Teutonic White Race.

there is reason for using that Hebrew word, for this was the place where integration and mongrelization had taken place, with its degenerative effects as compared to the qualities possessed by each race separately.

We find confirmation of this in the reason why God spared Noah. In Genesis 6:9, your King James' Version Bible tells you that Noah was "perfect in his generations"---a meaningless phrase. When anything in the King James' Version of the Bible fails to make good sense, it is a sign that you should go behind the mis-translation and see what the words were in the original Hebrew or Greek. The word here translated "generations" was the Hebrew word "to-led-aw", which means "ancestry". That is, Noah was "perfect in his ancestry"---a thoroughbred, not a mongrel. Noah and his family were the last remaining pure-blooded Adamites in the world; therefore, God needed to save them to carry out the purposes He had planned for the Adamic people. The mongrelized people among whom Noah and his family lived must be removed, or they would be a trap which would eventually lead to the complete end of the pure-blooded Adamites.

Have we any other evidence to support our view that this was the region where Adam and Eve and their descendants settled? Yes. Remember that Adam and Eve were driven out of Eden to the eastward. Later, when Cain murdered Abel, and as a punishment was banished from the land where Adam and Eve lived, Genesis 4:16 tells us that Cain "went out from the presence of the Lord and dwelt in the land of Nod, on the east of Eden." The Hebrew word "nod" means "wandering". That is, in the upper Tigris and Euphrates valleys, at the north of Eden, these rivers were running swiftly downhill from their mountain sources; therefore, they cut themselves deep channels in the ground; and even today, we can find the traces of the ancient diversion dams, built by the ancients to raise the water level up close to the surface of the ground, so they would not have to pump it so high to get it into their irrigation canals. Farther to the south, in the lower Tigris and Euphrates Valleys, where the slope was no longer steep, the accumulation of silt picked up by the rivers where they ran swiftly was now settling to the bottom of the river beds, constantly raising the level, so that every high-water season the rivers overflowed their banks and flooded the valleys, exactly the same as we have had in our own Mississippi Valley. These annual floods washed away the people's houses and sent them fleeing far away to high ground; therefore, it was correctly called "the Land of Nod"---the Land of Wandering". Here Cain settled, and taught the people to build high dikes along the river banks---just as we have done along the banks of the Mississippi River. This enabled them to stop the annual floods, so they could now build permanent cities of good houses in the lower Tigris and Euphrates Valleys, the land then called by its own inhabitants "Sumer", and later called "Chaldea". In a very few places, the Bible calls it "the Plain of Shinar". That is, Cain went back westward from where Adam and Eve lived. It was thus that Cain started his great empire. Yes, Cain is a well-known historical character, not found only in the Bible (but he is known in history under another name). He established an empire which extended from the Persian Gulf to the Mediterranean Sea, and even took in some of the larger islands in the Mediterranean Sea. Some day I will tell you about Cain and his empire; but that is another story.

Another bit of evidence is found in Genesis 11:2, which tells us that after the Flood, Noah's descendants "journeyed FROM the east", until they came to the land of Shinar. Therefore, they must have come from some place east of the Tigris and Euphrates Valleys; and the only place where such a flood as the Bible describes could have occurred, eastward from the Tigris and Euphrates Valleys, is this mountain basin in Sinkiang which I have been talking about.

Another bit of evidence is found in the high-water mark found in many places along the mountains which rim this basin, showing that at one time this basin was a lake, extending to this well-marked shoreline. The mountains which rim this valley were not fully covered, for many of them range from 16,000 to 25,000 feet in height, and one even rises over 28,000 feet. But within the basin are several smaller mountains, which could be fully covered by a flood held within the higher rim of the valley. In short, this basin, through which flows the Tarim River, and which is sometimes known as the Tarim Basin, in southern Sinkiang, is identified as the site of Noah's Flood.

In your King James' Version Bible, Genesis 7:11-12 reads: "In the 600th. year of Noah's life, in the 2nd. month, the 17th. day of the month, the same day were all the fountains of the great deep broken up, and the windows of heaven were opened. And the rain was upon the earth 40 days and 40 nights." More careful translation makes clear what really happened. In Moffatt's Modern English translation we read, "the fountains of the great abyss all burst, and the sluices of heaven were opened". In Smith & Goodspeed's American Translation, it says "the fountains of the great abyss were all broken open, and the windows of the heavens were opened." That is, a great earthquake broke up this waterproof layer of rock over the immense, water-filled abyss or cavern beneath this Tarim Basin, causing the floor of the valley to settle, and allowed the enormous underground reservoir to overflow and submerge the valley floor: the great earthquake in the Himalaya Mountains about ten years ago produced similar effects in some places. Of course, the 40 days of torrential rains added to the flood. This filled the valley high enough to submerge the low mountains which were inside the valley.

## "MINUTEMEN"

P. O. BOX 68  
NORBORNE, MISSOURI

Dear Fellow Patriot:

This is to welcome you as a member of the Minutemen.

Those of us who have been in this work for some time sincerely believe that our organization can be of real value in preserving for future generations the land of freedom and opportunity which our forefathers fought for and handed on to us.

Starting with almost nothing forty years ago the communists have enslaved more than one-third of the worlds population. They have terrified and subverted large parts of the remainder. In face of these facts it is hard to deny that we are losing the cold war.

Within our own country special interest groups and "one world" idealists are making progress in their effort to negotiate away our constitutional rights by secret treaties and United Nations commitments which are being made without the people's knowledge or consent.

I do not want to seem an alarmist. Some of our members, however, have available to them information which is seldom given to the general public. These people who are in a position to know and who are intelligent responsible individuals have warned us that if this nations foreign and domestic policies continue as they are now, then the time may soon come when Americans will once again fight in the streets for their lives and their liberty.

For security purposes in correspondence all our members identify themselves by number rather than name. You have been assigned the number 35704. My own number is 551 and I will sign future correspondence in that manner.

Sincerely yours,

### SPECIAL BULLETIN

The Minutemen Organization is now the object of an intensive investigation. Apparently, this is part of the announced plan of the "Warren Commission" to investigate "possible connections between the radical right and the assassination of President Kennedy".

All real patriots will recognize that such an implication is without foundation. If Robert Kennedy had spent as much time investigating the communist-socialist movement as he did in worrying about the pro-America movement, then his brother would probably still be alive.

This will not prevent the "conspiracy" (through the use of the controlled news media) from trying to give the impression that the right-wing is somehow to blame for Kennedy's death.

This is an extremely serious situation.

Most of our members will already be familiar with the facts that Earl Warren has voted to favor the communists in almost every case involving this nation's internal security that has come before the Supreme Court since he has been a member of that body. Most, too, will be aware that when Earl Warren first heard of Kennedy's death that he immediately issued a statement blaming the assassination on "right-wing fanatics". In fact, this investigating committee was set up just three days after the communist newspaper, The Worker, made a suggestion to that effect. The Worker also suggested that Earl Warren be made the head of the committee exactly as occurred.

Nicholas Katzenbach who was in charge of the Federal Marshals at Oxford, Mississippi has been named as chief investigator for the Warren Commission.

J. Lee Rankin, General Council for the Warren Commission, in a recent letter to Congressman Henry B. Gonzalez stated: "I can assure you that any relationship between the Minutemen and the assassination of President Kennedy will be carefully explored."

Many (perhaps all) major FBI offices have received identical memos from Washington to investigate Minutemen activities in their areas.

Treasury Agents are making a special effort to determine the existence of any automatic weapons that might be owned by members of this organization.

From several cities we have received reports of postal employees being assigned the special task of listing the names and addresses of persons who receive mail from the John Birch Society and other anti-communist organizations.

There is considerable evidence to indicate that a nationwide propaganda campaign to blame President Kennedy's death on the right-wing had been organized BEFORE his assassination. If it had not been for the very good fortune that Oswald was quickly captured and identified as a communist, it is probable that hundreds of American patriots would be behind bars today.

We are now witnessing the gradual take-over of our government by hidden communists to such an extent that loyal Americans are being subjected to "investigation", harassment, and economic persecution.

THE TIME IS PAST WHEN THE COMMUNIST-SOCIALIST MOVEMENT CAN BE SUCCESSFULLY OPPOSED BY ORGANIZATIONS THAT OPERATE IN THE OPEN. SUCCESSFUL OPPOSITION TO THE COMMUNIST-SOCIALIST MOVEMENT NOW REQUIRES THE SECRET METHODS OF A PATRIOTIC RESISTANCE MOVEMENT.

440

We realize that many patriots will not give up the hope of winning by political means but we must remind our own members again that there are many people willing to work politically and only a few who will begin now to build a final line of defense.

Although most individual agents of the FBI are loyal Americans of the highest type, we must constantly keep in mind that any information they obtain about us will be sitting in their files when the communists take over and will certainly be used against us.

If you are questioned as to whether or not you are a member of this organization, we advise you to deny it absolutely. Keep in mind that they cannot prove you are a member. Such information will NEVER be given out by the National Headquarters. Our files are kept in such a manner that they could never be seen under any circumstances.

If you are confronted with evidence indicating membership in this organization say that you did inquire, have received literature from us and possibly even subscribed to our newsletter simply because you are an open-minded person that likes to see both sides of every question.

In making contact with our members, we are faced with increasing cost due to the necessity of sending all mail first class and from many different post offices. We need the continued financial support of every member if we are to operate in a secure and efficient manner.

Enclosed is a special sheet of practical suggestions regarding security measures which we recommend all members to follow.

Now is the time for each of us to determine whether or not we have the strength and courage of our forefathers. Are we made in the same mold as those Americans who pledged their lives, their fortunes and their sacred honor to the cause of freedom?

Dear Kieth;

I was up your way today, but guess you were at work. No answer at your phone number. I was over at Bushnell in Pasadena to get my .357 Magnum fixed. I got the scope completely and safely mounted now. Anyway, I have a whole bunch of things to bring up and have to write about them.

First of all, schedule the next guerilla class for Sunday the 10th of May. This moves it up one week, but I think it will be to our advantage. I picked up four films on map reading basic principles, so will want you to pick up a 16mm movie projector (with sound) for that meeting. I had to promise the film library that I would mail the films back on the 11th, so this is why I want to move the meeting up. OK? I am planning on a full hour of map reading, followed by half an hour of "dirty fighting" mainly covering the one basic weapon which I described at our last session. I will follow the half hour by a discussion on pistol techniques, in other words, an introduction to practical pistol work.

Secondly, I will have ten copies of a basic map reading study page to pass out next week. These I will mail to you on Sunday or Monday so that you can distribute them to the group.

For your information, the next session after the 10th will cover Camouflage and Concealment as its main text, with a review of Map Reading for the second hour. Both meetings will have a third period or Bull session where we can try to answer specific questions and etc.

Nelson White and I am in the process of field testing a napalm hand grenade which should work out very cheap and excellent for anti-personnel. We're field testing them on the 10th. I also have designed two simple booby-trap igniters that can be cheaply constructed at home.

I have located a source on the following items and will be checking this out as soon as possible:

1. Reversible camouflage fatigues of USMC pattern, 2 piece.
  2. 15 ft by 15 ft. camouflage netting, complete with the garnish.
  3. Tankers shoulder holsters which are much better than the standard shoulder holster. I will explain when I see you.
  4. Complete camouflaged USMC tents, with all poles, etc.
- I'll have prices on these and other items at the next meeting.

Concerning the weapons pamphlets that we had planned on. I am stuck on the Sten without a gun to work with. Can you borrow a Dewar Sten gun for me to work from? I'll need it for 1 to 2 weeks. I am also starting the manual for the Browning 9mm High-power.

I have basically planned the first field exercise for the group and am in the process of getting an area worked out. Nelson and I will be making the reconn shortly. I will give you the map requirements (individual) for the group at the third meeting. I will also give you personally a set of directions and a meeting time for the field exercise. You will meet Nelson and I in the field. More on this later.

445

Well, that's about it for now. Incidentally, I have a MP-44 magazine pouch located and am sending for it. Cost - \$12 without mags. I will need three MP-44 magazines fairly cheaply. Can you possibly help on this?

Nelson wants me to remind you that the fuse friction igniters that you mentioned will be much needed. He said for you to try and get at least 100 of them. They are practically a requirement for effecient grenades.

I also can use any of those MG42s that you mentioned getting a chance at. This is for a guy back east who might be able to help us a good deal later on.

I'll shut up for now.

Best regards,

## INFORMATION: (WHO, WHAT, WHEN, WHERE, WHY & HOW)

Rathke was interviewed in Pleasanton, California on February 18, 1969 at 4 p.m. He stated that he met Sirhan B. Sirhan while both were working at a horse racing farm in Norco, California. They were very close friends prior to Sirhan's fall from a horse. Their friendship began in the summer months of 1965. Rathke was known as "Tom" by Sirhan.

Rathke wrote Sirhan two letters after the latter's fall from the horse in Norco, California. Rathke in these two letters inquired as to Sirhan's injuries and offered his condolences and monetary assistance if needed. Sirhan answered both letters.

He last saw Sirhan in the summer of 1967 in Pasadena at the home of Mrs. Sirhan. At this location Rathke met Mrs. Sirhan and one of the Sirhan brothers. He could not recall which one nor could he identify them when shown pictures of them. During this visit Mrs. Sirhan stated to Rathke, "I just can't talk to that boy anymore." Rathke states that he too noticed a big difference in Sirhan's personality after his injury. He seemed to be a different person. Sirhan appeared very serious. He did not laugh any more and was not his jovial self.

During the time both were employed at the horse racing farm they discussed the Theosophical religion. They discussed the difference in the philosophy of this society and Sirhan's Rosicrucian faith. Rathke stated that he is an ordained minister. He was ordained in the United Spiritual Christian Church in Oakland, California.

Sirhan never talked about Senator Kennedy nor did he ever discuss politics. Rathke thought it was peculiar that Sirhan never talked about, nor discussed women or girl friends.

Sirhan did not drink alcoholic beverages during the time he and Rathke were friends.

Rathke has not written nor has he received a letter from Sirhan since his arrest.

No local record or wants on the above name or AKA. Security check with a MUS Carpenter through the Calif. Racing Assoc. shows that the subject has prior narcotic and petty larseny arrests in New York. He was denied a stable license in Feb. 1960 and later had his license suspended in New Jersey.

In 1966 he applied for a stable license at Santa Anita under the name of Frank Donneraumma. After receiving a license the association found out Donneraummas' real name was Rainistella and again suspended him.

In Sept. of 1967, Rainistella attempted to buy a 1962 Lin. Cont., lic. #GHH 895 financing it through Bank of Am. erica.

After the subject took possession of the veh. he made no more payments for 8 months. The veh. was later located on a ranch in Corona and repossessed.

The subject's last address (1967) was at 13200 Citrus, Corona living with a Bert Altfillisch who is a horse owner and poss. related to Rainistella through a marriage in the family. Ph# (714) 737-1961

2-36 { Bert Altfillisch was contacted and stated that Rainistella had hired Sirhan Sirhan in March of 1967 as an exercise boy. A few months after this, Rainistella became a heavy drinker and was dropped from the payroll. Rainistella hasn't been seen by Altfillisch for approx. one (1) year.

Altfillisch stated that the FBI had been to his ranch and checked the payroll records of both Rainistella and Sirhan. Sirhan worked on the ranch up to the early part of 1968 then left.

A check with CII shows Donneraumma to have a two page sheet, his latest in July of 1967 for 23102 and driving without a driver's license. He received three (3) years probation and a \$250 fine (LASO #A89976). His last address was 3231 Hammer, Norco. This address was checked through the Phone Company and the subject no longer lives there.

Abonyi states when he was young he was a jockey and a horse trainer and he told Sirhan that he felt he (Sirhan) was too old and too big to become a jockey.

Abonyi states, although, he told Sirhan that he did not feel he (Sirhan) could ever become a jockey, Sirhan would state that he wanted to become a jockey and that one day he would be a good jockey.

Abonyi states during the latter part of Sirhan's employment at the ranch Sirhan bought a car a 1961 Ford Galaxie for approximately \$500.00 dollars. Abonyi recalls that after Sirhan purchased the car he (Abonyi) discontinued picking Sirhan up and taking him to work. Abonyi states he did not see Sirhan as often as before, but, he and Sirhan still remained close friends.

Abonyi recalls sometime in November of 1966, Sirhan was thrown from a horse he was exercising and was hurt, but, Abonyi does not know to what extent Sirhan was injured. Abonyi states Sirhan terminated his employment at the ranch shortly after the accident and he has not seen Sirhan since.

Abonyi states he was very shocked upon hearing that Sirhan had shot Senator Kennedy, and stated he felt during the time he knew Sirhan that Sirhan was as innocent as a thirteen year old.

Mr. Abonyi was advised that Sirhan had been in Corona in June of 1968, Mr. Abonyi was very surprised and stated that he did not believe this, because if Sirhan had been in the area he would have stopped by to see him.

1. One brother, Sharif, was booked Dec. 18, 1963 on suspicion of attempted murder in the case of sabotage involving the auto of a Pasadena City College coed. Sharif was placed on probation for a year.
2. Another brother, "Joe" Munir Sirhan, is under a deportation order because of a narcotics violation. Ownership of the gun that killed RFK was traced to brother "Joe", who although Calif. law prohibits narcotics violators from owning a gun, was not jailed.
3. A third brother, Soliman Sirhan, was arrested sev. months ago as an Israeli spy by the Iraqi govt. Soliman was captured near the Jordanian border with maps of Iraqi military airports in his possession. (Ref. Review of the News 6-19-68)

\* This interests me bec. the child in the family photograph (seated next to Mary Sirhan) was reportedly killed by gas fire 2 yrs. after this family portrait taken. But - no record of this child (Munir I) was ever recorded. Mary told me FBI never found any report of child's death.

This would not be unusual during those war torn years. I think this is nothing more than a person with the same surname. Mary described Sirhan then 2 1/2 yrs old swinging on Munir I collar & her husband hitting him out of anger.

*Mary Sirhan re Sirhan time prior to 6-4-68*  
together.

She described Sirhan as being a person who loved to read. He would study books about many religions and read for hours at a time in his room. She states she knew Sirhan believed in Jesus Christ and that he was a Christian but he would study many other religions.

According to Mrs. Sirhan, her son, Adel, was the closest brother to Sirhan.

Mrs. Sirhan was questioned carefully regarding Sirhan's activities on the days immediately prior to June 4, 1968. She gave the following account of Sirhan's time as best as she remembered:

Friday, May 31, 1968

Mrs. Sirhan remembers that Sirhan, on this evening, told her that he had lost his house key and asked her to leave the front door unlocked for him so that he could get back into the house later.

Mrs. Sirhan states that after washing the dinner dishes, she saw that the lights in Sirhan's room were on and upon checking, she saw that he was reading. She talked with him and asked if he would be going out and he replied no, that he was going to stay in his room. She then asked him if it was all right to go ahead and lock the front door and he said yes.

Saturday, June 1, 1968

Mrs. Sirhan remembers that after Sirhan got up in the morning, he remained home until around 11AM at which time he left. She didn't ask him where he was going but Mrs. Sirhan states that she assumed he was going to the race track. Mrs. Sirhan recalls that Munir Sirhan was working on that day and that Adel did not go with Sirhan. She states that she definitely remembers Sirhan driving away in his car by himself.

According to the mother, Sirhan returned home at approx. 8PM and remained at home for the rest of the evening until he went to sleep.

Sunday, June 2, 1968

Mrs. Sirhan remembers that after Sirhan got up on Sunday morning, he remained at home until shortly after 11AM at which time he left the house by himself. She states that Sirhan was gone all day and that he returned at approx. 10 or 11PM. She states that thinking carefully, she remembers it was closer to 11PM and that when he returned, she talked briefly with him and then he went straight to bed.

Monday, June 3, 1968

Mrs. Sirhan remembers that on Monday afternoon, Sirhan was home at about 4:30PM. Later, during supper, some of the family ate together in the dining room, but she remembers that Sirhan ate by himself in his room and read. She remembers that Sirhan continued reading in his room until approx. 10PM at which time he went to sleep.

Tuesday, June 4, 1968

Mrs. Sirhan remembers that after Sirhan got up in the morning, she was preparing to go to school. She states that Sirhan left the house by himself at approx. 8AM. She believes that he went out for the purpose of getting a newspaper. She states that this is the last time she saw her son until after the assassination.

Mrs. Sirhan stated that she never saw her son, Sirhan or any of her other sons in possession of a gun. She stated she didn't know Sirhan had a gun.

She expressed with much emotion that she had tried her best to raise her children properly, that she had done the best job she knew of in raising her children, that she had tried to take care of her children and support them, but she related that as Sirhan became older, she had less control over him and that as he continued his education, he used to teach her and advise her on different matters.

Sirhan never discussed politics nor showed any political interest in his conversation with Mrs. Sirhan. She stated that he only exhibited a strong desire to learn. He spent many hours reading and studying by himself.

Mrs. Sirhan states that Sirhan never showed any aggressive behavior with his brothers. He sometimes argued with them but they were never violent.

She recalls that on the morning of June 4, 1968, the last time that she saw her son, he appeared normal and acted no different than usual. She remembers that he got up, washed his face and left the house without saying anything to her. She stated that thinking back, she did remember that Sirhan seemed to appear more nervous after he had suffered the accident at the ranch than he had before the accident. She stated that she wanted to know why Sirhan did what he did, but she just didn't know the reason behind it. This was the extent of the interview with Mrs. Sirhan and upon conclusion Mrs. Sirhan was advised as to the court order issued by Judge Alarcon.

*Adyar Lodge Theosophical Soc.*

who resides at 4515 Tremont Lane, Corona Del Mar.

Alfred Strauss is the financial secretary of the Adyar Lodge Theosophical Society. He was interviewed on January 15, 1969, at his home, 414 North Limas Street, Sierra Madre (355-0243). At his request his wife, Hedwig, was present during the interview. He stated that he does not have any personal knowledge of Sirhan Sirhan; and after checking the records of registered members of his lodge, he found that Sirhan had never applied for membership to his society. Strauss related that for the previous ten years up to May of 1968, his lodge had conducted public meetings at the Y.M.C.A. located on Holly Street in Pasadena. Members of the general public were welcome to attend these meetings, and he related that it was possible that suspect Sirhan could have attended any one or more of these public meetings, but he had no independent recollection. Strauss was shown ten look-alike mug shots, two of which were photographs of suspect Sirhan. He stated that he believes that someone that looked like Sirhan had attended the meetings at the Y.M.C.A., but it was almost impossible for him to say that he, in fact, had seen Sirhan present.

Investigator obtained the following information: Willem A. N. Wills is the president of the Adyar Lodge. Wills resides on Riviera Street, Sierra Madre.

On January 17, 1969, investigator interviewed James W. Long in his home, 4515 Tremont Lane, Corona Del Mar (714/OR 3-5133). Long is the head of the Theosophical Society with International Headquarters in Altadena, California. At Long's request Colonel J. G. Crabbendam and Lawrence Merkel were present at the interview. Merkel, as indicated

before, is secretary and manager of the "University Press."

Crabbendam, according to Long, is a retired Colonel of Police in The Hague, Holland. He stated that during the German occupation of Holland, he was put in charge of the police forces by the German Occupation Force. At the same time he was acting as a double agent working with the Dutch underground.

Note: On Wednesday, January 15, 1969, investigating officer contacted James Long and an appointment was made to meet with him on Friday, January 16, 1969.

During the interview, it was learned that Colonel Crabbendam had been aboard Pan American flight #121 from Holland to Los Angeles on the evening of Wednesday, January 15, 1969. Crabbendam also stated that his airplane had been delayed in London approximately three hours due to a bomb threat report. Long stated that prior to the assassination he had no personal knowledge of suspect Sirhan. He is the Executive Head of his branch of the Theosophical Society. This particular society has no public meetings. Long related that although he nor any of his members knew of Sirhan prior to the assassination, he had received information that after his arrest Sirhan had requested two books; one, "The Secret Doctrine," a book written by Madame H. P. Blavatsky which is published by the Theosophical Society and "Talks on the Path of Occultism, Volume I-At the Feet of the Master" by C. W. Leadbeater. Long advised that his society has nothing to do with the teaching of occultism or psychic phenomenon because in his mind these are very deep and dangerous subjects. He did state, however, that the "Adyar Group" and U.L.T. do teach and practice these philosophies.

Long stated that on June 10, 1968, he had received information that Sirhan had attended a meeting at the Pasadena Lodge. John Van Mater, a member of Long's society, received a telephone call on June the 10th from Willem Wills, President of the Pasadena Lodge (Adyar). Wills informed Van Mater that he had talked with Sirhan Sirhan during one of the meetings of his lodge. Long continued to say that the Theosophical Society was very concerned about the fact that Sirhan had requested the aforementioned books. Long stated that the Birch Society in Fresno and Bakersfield was accumulating much data about the Theosophical Society. He believes that various groups will try and give the impression that his society teaches revolutionary philosophies and that this is not true. When questioned concerning members of the Theosophical Society in Napa, California, Long appeared to be concerned. He stated that he knew a man (B. A. Endersby) in Napa. Endersby had written to Long and related to him that there was a man in Napa who had been in communication with Sirhan prior to the assassination and that this man had told various people in Napa that Sirhan had told him that he was studying occultism and that Sirhan may have heard of Madame Blavatsky's works through this course that he was taking. According to Long's information, the person who was communicating with Sirhan from Napa is an individual with the first name "Tom."

S.U.S. has received a letter bearing the postmark of Utrecht, Holland. This letter indicates the writer knows Sirhan and that Sirhan had explained some action that he was contemplating prior to May, 1968. Due to the existence of this letter and the fact that Grabbendam had arrived two days prior from Holland, investigator asked Long whether

the Theosophical Society had any members or connections in the area of The Hague and Utrecht, Holland. Long stated that they did have many members, possibly 600 to 700, in Holland and that many of these members were in Utrecht.

Willem Wills was interviewed at his residence on January 18, 1969.

He is the president of the Adyar Lodge, Pasadena. When investigating officer asked Wills whether he remembered Sirhan attending any of the meetings of his lodge, he was quick to answer in the negative.

Investigating officer explained to Wills that his branch of the society had come up during the investigation of Sirhan and that he should try to answer as truthfully as possible without concern of possible implications on behalf of the Theosophical Society. Wills then qualified his answer and stated that Sirhan did attend a meeting which was held in the Y.M.C.A. in Pasadena. This was a public meeting; however, there were only approximately ten or eleven people present, and some of these people were members of the society. Wills stated that he remembers talking to the person whom he believes is Sirhan and asked him for his name and address; however, Sirhan refused to give any information about himself. Sirhan then stated that it was very difficult to obtain books written by Leadbeater to which Wills stated that he could help him acquire any of the books that he desired, or he could use the society's library and read these books there. Wills remembers referring Sirhan to Paul Hubbe who was at the rear of the hall managing a desk which contained various articles and pamphlets pertaining to the Theosophical Society. Wills stated that it was very difficult to pin down the date of the meeting which Sirhan attended.

**INFORMATION: (WHO, WHAT, WHEN, WHERE, WHY & HOW)**

In late June 1968, John Weidner, a former employer of Sirhan gave S.U.S. investigators a letter addressed to Sirhan in care of John Weidner. Mr. Weidner opened the letter by mistake and upon reading it thought that it may be of investigative value. The letter is postmarked Utrecht, Holland and is apparently from an acquaintance of Sirhan in whom he confided. There appeared to be a particular reference to some action Sirhan was contemplating prior to May 5, 1968. The writer of the letter seemed to be trying to get Sirhan to change his mind.

Mr. Crabbendam arrived in the United States from Holland recently. He is visiting and was interviewed at the home of James W. Long at the above address. Mr. Long is the head of one branch of the Theosophical Society. The coincidence of the letter and Mr. Crabbendam both coming from Holland and the common interest of Sirhan and Crabbendam in Theosophy prompted investigators to explore the possibility that Mr. Crabbendam had written the letter. Mr. Crabbendam provided a sample of his handwriting. The letter and the handwriting sample were submitted to the Questioned Document Section of S.I.D., L.A.P.D. That unit could not identify Mr. Crabbendam as the writer. Mr. Crabbendam stated that he did not write the letter, and he does not know Sirhan.

Utrecht May 5<sup>th</sup> 1968

My dear friend

Thanks for Your letter of April 29 but am  
I surprised to read that You have completely changed  
your mind

What has gone into You, Sirik??

I know You have always been a kind of  
pessimistic even since the first time I know You  
back in '64

But You can't live on that way, why don't You  
try to change it?

I know arabian thinking is different than american  
thinking, but don't forget You have a real free life and  
You can do whatever You like to.

Why don't You talk to your girlfriend about it?

She will understand You. As far as I can see, it is a  
pretty girl. Why don't You send me some more or better  
pictures from both of You? Are You going to marry her?

I hope she will give You the life You want.

Maybe You will have some kids then after a few

years and You will see everything looks different then

You wouldn't like it the way it is right now in the U.S?  
or do You??

Look what happened to Dr. King a couple of weeks  
ago.

477

I know to be rich is nice but, I had so many bad  
luck in my life that I finally got used to it, and  
I am satisfied with what I have right now, and besides  
that my old boss came to me to ask me back to work.

Well as you see, not having too much money, having a  
lot of risks and all that stuff, all of a sudden the tide turns.  
That 1<sup>st</sup> of June I will start there and I know I am going  
to enjoy it.

Well dear Sisk. I hope you won't do anything you will  
be sorry for later and please give me finally your real  
address. I even believe that this address is not complete  
without the name of the street. I thought Los Angeles was  
so big that this could hardly be enough.

Why don't you get married right away than you can  
have your own address. Moving from one to the other is not  
good at all.

My daughter is growing up fine. She will be 9 years  
old at the 6<sup>th</sup> of August. Send her a nice card will you??

Well, Sisk. I am going to bed now because it  
is pretty late and tomorrow I have a lot of work to do.

I hope you will write pretty soon so we will have  
better contact with each other than in the past.

I wish you and your girl all the best for the future.

Many Greetings,  
Your friend,

You wouldn't like it the way it is right now in the U.S. ? or do you ??

Look what happened to Dr. King a couple of weeks ago. To know to be rich is nice but to have so many bad luck in my life that I finally got used to it, and I am satisfied with what I have right now, and besides that my old boss came to me to ask me back to work

Well so you see, not having too much money, having a lot of tricks and all that stuff, all of a sudden the tide turns. The 1st of June I will start there and I know I am going to enjoy it.

Well dear Sirs, I hope you won't do anything you will be sorry for later and please give me finally your real address. I even believe that this address is not complete without the name of the street I thought Los Angeles was so big that this would hardly be enough.

Why don't you get married right away then you can have your own address. Moving from one to the other isn't good at all.

My daughter is growing up fine. She will be 9 years old at the 6th of August. Send her a nice card will you ??

Well, Bob I am going to bed now

Many Greetings  
Your friend

INVESTIGATORS MAKING INTERVIEW:

APPROVED BY: 484

Cooper

Captain G. Campbell

MR. GRANT COOPER, ATTORNEY-AT-LAW, BUSINESS ADDRESS: 3910 OAKWOOD,  
LOS ANGELES; BUSINESS PHONE: 665-1291

Mr. Cooper was telephonically interviewed on June 8, 1971 at 1430 hours. Cooper declined to be personally interviewed, stating that he was opposed to giving a formal statement, and he would not want to testify in any type of hearing regarding challenges to DeWayne Wolfer's competency.

Note: The issue of Mr. Cooper testifying was not proposed by Lt. Booth. Cooper was only asked to be personally interviewed.

Cooper stated that sometime prior to the Sirhan trial he received a telephone call from Bill Harper. Harper stated that he had no confidence in DeWayne Wolfer because Wolfer did not always testify accurately. Cooper told Harper that the apprehensions expressed by Harper made no difference in the Sirhan case as the issues to which Wolfer would testify in light of the numerous witnesses at the scene of Sirhan's crime would not be the critical issues.

Cooper stated that to the best of his recollection the gun used by Sirhan to commit his crime was not produced during Wolfer's testimony in the trial; however, Cooper believes that the reason for this was explained by Wolfer at the time he testified.

Sometime after the Sirhan trial, Theodore Charach, 4131 Laurel Grove Avenue, Studio City, phone 876-5568, went to Cooper's office and informed him that Wolfer had "messed up" by giving erroneous testimony regarding the testing of certain guns critical to the case against Sirhan. Charach had allegedly conducted an investigation into the Sirhan case and arrived at the expressed opinion that someone other than Sirhan had fired the fatal shot at Senator Kennedy.

Cooper expressed disbelief to Charach, in Charach's alleged evidence; however, he referred Charach to Bill Harper for Harper to use the information as he saw fit. Cooper stated he has a "great deal" of confidence in Bill Harper. Bill Harper apparently conducted an investigation into the Sirhan case, incorporating the information from Charach.

Cooper stated he was not satisfied with the weapon test conducted by Wolfer in the Sirhan case; however, he did not believe that Wolfer's testimony "made any difference to the case."

Cooper believes that Charach is represented by an attorney from Beverly Hills. He does not know the name of Charach's attorney.

When an investigator talked to Sirhan in his jail cell, and raised the question about the meeting with the Panthers, the condemned assassin became uneasy, acting as if a secret reservoir of information had been tapped. Sirhan acknowledged he had gone into the Black community in south Los Angeles and talked with <sup>a brother</sup> ~~the Black Panther~~ Sir at the Black Muslim Temple, scene over the years of several confrontations with police.

On other occasions Sirhan would remark: "The FBI didn't even make a good investigation."

As for the visit to Panther headquarters, our informant says police and FBI agents were only advised of Sirhan's visit; not the fact that he was accompanied by two other men. Investigators expressed disinterest in the story. **El Patañ**, in the minds of police, didn't exist at that time, and there was nothing available in the way of evidence to relate the militant Arab organization to the Black Panthers.

The two-man theory is of great interest to the same investigators. Reliable information would seem to indicate that two other Arabs were in close proximity to **Senator Kennedy** before the shots rang out. And several days prior to the assassination, an Arab using an assumed name volunteered for campaign duty at Kennedy headquarters in Los Angeles. He disappeared several days after the assassination and returned to the Middle East. His real name is known by police and FBI agents. \* ✓

But of more concern is Sirhan's conscious or unconscious association with black militancy. When the oath was administered at the start of his trial, Sirhan clenched his right fist in the salute of the black militants. The gesture went largely unnoticed. But the relationship was there.

\* *Khaidar Khan*

if indeed money from a common source is being funneled to both the black militants and the radical right, someone, somewhere is doing his best to disrupt the internal structure and well being of the United States.

We recall how H.L. Hunt went out of his way, without even being asked, to deny that he was financing the Black Muslims.

This investigation has established, by Sirhan's own admission, a connection to the black militant movement. It would seem, by implication, that the radical right wing was connected to what happened to John Kennedy in Dallas.

And, it is borne out, in the best intelligence reports, that there is a common link between those two groups.

There are other questions raised in the investigation of Robert Kennedy's murder apart from the radical right and the radical left. Those questions will be discussed next, including the mystery of "the girl in the polka dot dress."

SUPPLEMENTAL TO KHAIBAR KHAN INVESTIGATION

Twenty-four names appeared on the volunteer worker cards submitted by Khaibar Khan at Kennedy Headquarters. The names were acquired by Khan through personal and telephonic interviews. Khan also used names of members of his family. Khan did not request identification or addresses from the volunteers he interviewed. He used his former wife's (Talat Khan) residential address, 10455 1/2 Wilshire Boulevard, Los Angeles, on all the cards he submitted. These names were checked through the telephone directory with negative results.

Khan also used the names of members of an organization known as the "United Patrons for Justice," of which he is the chairman. Khan stated that the organization is comprised of a group of men striving for a better Iran. These men were allegedly in Iran at the time the cards were submitted, but they were to be in the U.S. during the November election. He volunteered the services of his members without contacting them.

These names were checked through immigration for dates of entry and present whereabouts. Records show that none of these persons entered the U.S. between the period of June 1968 through December 1968. A total of 34 names were submitted by Khan, of which only members of his family could be located. Those interviewed were Rose, Shirin and Farah Khan (daughters), Philippe Manoum (son), Amir Khan (son) and Talat Khan (former wife). The subjects could offer no information regarding the investigation.

ORC R.E. MILLER + SGT. SANTIAGO

On June 18, 1968 officers met Mr Khan in the lobby of the Miramar Hotel located on Ocean Avenue in Santa Monica. He informed officers that he was staying at the Ocean Palms Hotel located at 1215 Ocean Avenue Apt #201 and that he was registered under the name of Mr Goody. During the interview Mr Khan stated his distrust of the present administration and the immigration department. It was evident that Mr Khan didn't want his whereabouts known. He stated that his life was in danger as someone was attempting to kill him. While living in the West Los Angeles area he was leaving his ex-wife's apartment when unknown suspects jumped him and Mr Khan received various injuries. Due to this incident Mr Khan received surgery and had to wear a cast on his arm. This incident was reported to the West Los Angeles Detectives. In April 1968 he and his sister, Maryam Kouchan, were horseback riding in Griffith Park at which time his sister got shot in the leg by an unknown assailant and required surgery. This disabled Miss Kouchan and it was necessary for her to use crutches in able to walk.

Due to the above, both Sgt. Sartuche and Officer Miller were given nicknames (golfer and tennis player) to use when further contacting Mr Khan by telephone. On further meetings, in person, officers were to meet Mr Khan at other places than at his residence. Those places were coffee shops, parks, beaches etc.

Officers first interview with Khaibar Khan was on June 13, 1968 and the last contact was made on July 27, 1968. During this time five contacts were made and officers learned that Mr Khan is involved in law suits with the King of Iran. Because Mr Khan had numerous papers from the United States Senate, United States Department of Justice along with letters from a organization called the United Patriots for Justice. Officers found that the United Patriots for Justice is an organization headed by Mr Khan and is made up of different tribes located in Iran. Mr Khan gave his permission for officers to make copies of these documents, which we did.

After the first visit officers found through the Immigration Department that Khaibar Khan, alias Goodarzian had a Immigration Warrant outstanding. The warrant was for Illegal Entry (remaining beyond specified time), Warrant #A-11-011142, no bail. It was also found out through R & I that Mr Khan was using the alias of Mohammad Ali and had an arrest on 1-13-67 for 647F in Hollywood. (LA#025 805A).

The only information received which is relevant to the Kennedy assassination was that on June 3, 1968 Mr Khan observed a male and female sitting in a blue V/W at the rear of headquarters. He described the female as Fe, Cauc 23/6 years, 5-5 and the male as dark comp, short.

484R

Subject first visit to the Kennedy Headquarters was on 6-1-68 in the afternoon hours. On this date subject registered under his true name Khaibar Khan. He also met a Marguerite Sweeney (I-59) who was in charge of volunteer workers. Subject was then assigned to answering phones and at this time he volunteered numerous names of Tribal Chiefs who were to be in the USA during the month of November 1968. Also the other volunteers who appeared at his desk he would claim as being part of his group and would register them under his address. When individuals would call to volunteer, he would follow this same procedure. It was discovered that there was a total of 24 volunteer cards which were made by Khaibar Khan. The majority of these cards were in the same handwriting and contained the same address. The 24 names are listed on the interview of June Isackson (I-80a).

Mr Khan's second visit took place on June 2, 1968 at approximately 2:00pm. At this time Mr Khan was accompanied by his sister (so-called), Maryam Kouchan alias Khan (I-361). Both parties assisted in doing various campaign tasks and left the headquarters at approximately 6:00pm.

He returned on June 3, 1968 at approximately 3:00pm with his daughter, Shirrin Khan. Shirrin Khan was assigned to the answering of phones and general type-clerical work. During the days activities Mr Khan was at the rear exit of the headquarters when he observed a male and female seated in a blue V/W. He states that he also observed a male leaning inside the right window talking to the couple who were seated. At approximately 7:00pm Mr Khan and his daughter left the headquarters walked toward the parked V/W. Upon approaching the vehicle Mr Khan noticed that the male who was standing outside walked across the street and walked out of sight. When he passed the vehicle he glanced inside and he noticed that the girl who was seated inside the vehicle turned her head as if she did not want to be seen.

On June 4, 1968 Mr Khan arrived with sister (Maryam Khan (I-361) and son Felipe Khan (I-292) at approximately 2:00pm. During his activities Mr Khan was located near the drinking fountain where the coffee stand is located. At this time he observed a female, Cauc, approximately 23/6 years, wearing a short dress with polka dots. He described the dress as white in color and the dots to be the diameter of pennies or smaller. This female appeared to be talking to a male described as male, Cauc, dark complexion, short in height, wearing a jacket described as blue "McGregor" type (windbreaker). He was wearing a white shirt underneath and tight trousers. It appeared that the two parties were talking as they were facing each other and that he noticed movement of their mouths, but due to the distance Mr Khan could not overhear any conversation. Upon approaching the parties he noticed that the female turned her head and looked in the opposite direction. Mr Khan then recognized this couple as being the same

4842

as seen on 6-3-68 in the blue V/W. At approximately 8:00pm on 6-4-68 Mr Khan and Miss Kouchan left the headquarters. Upon exiting the rear of the headquarters Mr Khan and Miss Kouchan got into their vehicle and drove to the front of the headquarters where they stopped and Mr Khan re-entered. While Mr Khan was inside a male Cauc, early 20's approached Maryam who was still seated in the vehicle and the male asked for a ride. Miss Kouchan recognizing the male as being in the headquarters earlier, agreed to give the person a ride. When Mr Khan returned to the vehicle he noticed the male seated in the rear seat. Enroute to Santa Monica the conversation between Mr Khan and the male consisted of the male asking for campaign literature of press type passes. Mr Khan refused the male any literature since he had none, but informed him that if he left his name and address he would furnish him with some at a later time. The male wrote his name and address on a piece of paper and gave the paper to Mr Khan. This male was Michael Wayne (I-1096).

#### BACKGROUND

Mr Khan became active in the campaign due to his involvement with Robert Kennedy at the time Robert Kennedy was Attorney General.

Mr Khan is an exile from the Country of Iran. He came to the attention of Robert Kennedy through law suits which were filed against the Family of the King of Iran. These suits resulted from 1959 when Mr Khan was involved in a construction job with United States. Mr Khan states when he returned to Iran he was swindled out of money and material by the King. Upon returning to the United States Mr Khan was made a political exile by the King.

Upon returning to the United States Mr Khan started a group named "The United Patriots for Justice". He started a campaign against the King of Iran accusing him of mis-use of foreign aid money. He supposedly is assisted in this venture by various members of the tribes which make up part of Iran.

#### OFFICERS STATEMENTS

Officers first came in contact with Mr Khaibar Khan as a result of checking volunteer cards at the Kennedy Headquarters. It was brought to officer's attention that numerous volunteer cards were made by the same person due to handwriting. It was also found that the cards (24 in all) had the same address listed on them as Mr Khan's. Upon checking this address it was found that Mr Khan's ex-wife resides at this location.

Mr Khan's ex-wife (Talat Khan I-314) was contacted by Sgt. Sartuche and he was informed that Mrs Khan had been separated for some time and that she was not involved in politics as was her husband. Mrs Khan contacted Khaibar and he in turn notified our department of his whereabouts. An appointment was made for an interview on 6-18-68.

After the first visit officers found through the Immigration Department that Khaibar Khan, alias Goodarzian had a Immigration Warrant outstanding. The warrant was for Illegal Entry (remaining beyond specified time), Warrant #A-11-011142, no bail. It was also found out through R & I that Mr Khan was using the alias of Mohammad Ali and had an arrest on 1-13-67 for 647F in Hollywood. (LA#825 805A).

The only information received which is relevant to the Kennedy assassination was that on June 3, 1968 Mr Khan observed a male and female sitting in a blue V/W at the rear of headquarters. He described the female as Fe, Cauc 23/6 years, 5-5 and the male as dark comp, short.

On June 4, 1968 Mr Khan as a telephone operator at the headquarters again observed the male and female that he had seen sitting in the V/W. The couple was observed standing near the coffee shop area. The male and female were facing each other and it appeared to Mr Khan that the couple were talking to each other as their mouths appeared to be moving. At this time the girl was described as wearing a white dress with dark polka dots about the diameter of a penny. The male was described as wearing a blue jacket (McGregor type) with a white shirt and light colored tight trousers.

Due to the people seen on two different occasions by Mr Khan he was shown mugs of suspect Sirhan B. Sirhan and asked if he could identify him as being the male seen. Mr Khan stated that he could not be sure until he could actually see the male in person. Mr Khan was asked if he would attend a show-up if it could be arranged and would he then take a polygraph test to verify the truthfulness of his statements. Mr Khan refused to take a polygraph test or attend a show-up and stated that he wanted to be 100% sure before he accused anyone. During all the interviews with Mr Khan he was always unsure of his identification of Sirhan B. Sirhan.

Due to Mr Khan refusing to attend a line up or take a polygraph test it is very doubtful or simply a mistake in identity.

It was later found out by officers that Mr Khan was arrested by Immigration authorities and is presently on \$4,000.00 bail pending a hearing.
