Q --

A Well, this I don't know about.

Q The security guard involved here was pushed to the ground back by the ice machine, and after the Senator had fallen he got up and then drew his gun.

A Well, this I -- You know. This I didn't know. Charach had mentioned something about this, but I told him this was none of my --

Q Charach, I believe, has --

A -- none of my concern.

Q -- a theory that this security guard may have shot the Senator.

A I have no idea --

Q Which is --

A -- about that.

Q -- kind of accusing somebody of committing murder.

A Well, it's like I told him, and I'm telling you right now, is I -- I have no idea who, what, when and where. I know I was there, you know, and I'm not --

Q Well, I would say this, number one, I don't think anybody would dispute that you were there.

A And I was in around this area, because --

Q And I think --

A And the reason I know I was is because Ira Goldstein, who was in that area also, had seen me

1 minutes before. And it's not about the people who
2 people who are behind it.

3 ... Jeff Brent, I don't -- I have
4 no idea where he was. I didn't see him all night. He said he
5 saw me, you know, around. And, I don't know, Gene Barry
6 probably won't remember at all, but I had just talked to him
7 just sec-- almost a minute or two before. So, you know.

8 Q Did Gene Barry -- Did you see Gene
9 Barry by the Senator?

10 A No, I -- I talked to him at -- on --
11 at the door level.

12 Q You recall talking to him at the
12 door?

14 A At the -- This was before I'd been
15 pushed in by the crowd.

16 Q Okay. Before you were pushed in?

17 A Even — not even in here.

18 You know, I don't know him, he was
19 just there, and he just, you know.

[MR. BURNETT ENTERS ROOM]

Q Well, we know you were there, and
we know you saw Mrs. Evans who was struck in the forehead
with a bullet, and we know that you saw the guard with the
gun drawn --

25 A I didn't see -- It's like I said,
26 you know, I didn't see everything at all, I couldn't have.
And that's --

28 I was in a little bit of shock,

1 also, afterwards. I'm, well, I'm, I'm not sure about
2 in circumstances like that.

3 [OFF THE RECORD]

4 BY LT. PATCHETT:

5 Q Okay. You are positive that you
6 saw a guard, a uniformed guard with a gun in his hand?

7 A Yes, I am.

8 Q And you are positive that you saw
9 Mrs. Evans, or a lady with blood coming from her forehead?

10 A Yes, I did. I -- You know -- Yeah.

11 Q You do not recall being pushed by,
12 or shoved by a pretty good-sized cameraman with a television
13 camera on his shoulder?

14 A Well, everybody was pushing and
15 shoving.

16 Q But there was only one guy that had
17 a television camera.

18 A Okay. Well, I don't recall. I may
19 have, but I don't recall at all.

20 Q You don't recall, or do you recall,
21 as you go towards this door one or two very large black men,
22 and I'm referring to Rosey Grier and Rafer Johnson --

23 A I don't.

24 Q -- who ran through there?

25 A I don't recall at all. As I said --
26 You know, okay, yes. I don't -- I do not recall.

27 Q You did hear somebody holler about
28 "my leg"?

... to Mr. ...
telling -- He -- ... was about in the room ...
too, which surprised me. And I ... to him. And he said
he'd talked to Mrs. Rose Kennedy -- or somebody, Mrs. Kennedy, one
of the Kennedys. And he had had a conversation with her.

I didn't even see him afterwards.
And I had said hello to him a few minutes before. So, I
didn't even know he was hit until later on, almost the next
day. Somebody said, "Well, you know Ira Goldstein was shot in
the leg." I said, "I didn't know that." I said, "I didn't
even know he was shot."

Q I had occasion to interview every-
body in that room and there were some people who said they were
in the room, not lying, really, just with the muddled cir-
cumstances were pushed in after it occurred.

There were others that people told
us they were in the room and when we interviewed them they
said they weren't. They just weren't aware of it. And when we
got to talking a little further they did recall being in
there.

In your situation you are correct
about a lady being struck in the head and bleeding, and you
are correct about a security guard with a gun in his hand.
However, in the position that you're standing, you would have
to have been almost directly behind or right next to a man
six foot three who was struck in the forehead and fell to the
ground immediately --

A Well, this I --

here the S4S copy of interview ends

EXAMINATION OF CLOTHING AT THE TIME OF AUTOPSY:

1. There is a dark blue, fine worsted-type suit coat bearing the label "Georgetown University Shop - Georgetown, D.C.". The coat has been cut and/or torn at the left yoke and left sleeve area. The right sleeve is intact. There is variable blood staining over the right shoulder region and on the right lapel. Two apparent bullet holes are identified in the right axillary region, slightly over 1 inch (2.5 cm) and slightly over 1-1/4 inch (3.2 cm) from the underseam area, respectively, and corresponding with wounds described on the body elsewhere in this report. Also noted at the top of the right shoulder region centered about 1-1/4 inches from the shoulder seam and about 5/8 inch (1.6 cm) posterior to the yoke seam superiorly is an irregular rent of the fabric, somewhat less than 1/4 inch (3.2 cm) in diameter and definitely evertting superficially and upward. The three front buttons of the garment are intact.

(Subsequent examination of the coat showed the presence of a superficial through-and-through bullet path through the upper right shoulder area, passing through the suit fabric proper, but not the lining.)
2. There is a pair of trousers of matching material with a very dark brown leather belt with rectangular metal buckle and showing the gold-stamped label "Custom Leather, Reversible, 32". The zipper is intact. There is a minimal amount of apparent blood staining over the anterior portions of the trouser legs.
3. There is a white cotton shirt with the label "K WRAGGE, 48 West 46th Street, New York". The laundry mark initials "RFK" are present on the neck band. The left portion of the shirt has been disrupted in approximately the same manner as the suit coat and is similarly absent. The right cuff is intact and is of semi-French design. A chain-connected yellow metal cufflink with plain oval design is in place. A corresponding left cufflink is not among the items submitted. Apparent bullet holes are identified as corresponding to those in the previously described area of suit coat.
4. There is a tie of apparent silk rep, navy blue with an approximately 3/16 inch (0.5 cm) grey diagonal stripe. The label is "Chase and Collier, McLean, Virginia". The maker is RIVETZ.

DP 68-531-466

Form 15.7 (Rev. April 1962)

SLS 55T

Kennedy - 187 P.C.

DATE & TIME OCCURRED 6-5-68	LOCATION OF OCCURRENCE Ambassador Hotel	DIVISION OF OCCURRENCE Rampart Division
TO: (Rank, Name, Assignment, Division) Lt. D.W. Mann, O-I-C, Criminalistics Section, S.I.D.		DATE & TIME REPORTED 7-8-68

DETAILS:

The weapon used in this case was an Iver Johnson, Cadet Model, .22 caliber, 8 shot revolver (2½" barrel). This weapon had eight expended shell casings in the cylinder at the time of recovery from the suspect. A trajectory study was made of the physical evidence which indicated that eight shots were fired as follows:

- #1 - Bullet entered Senator Kennedy's head behind the right ear and was later recovered from the victim's head and booked as evidence.
- #2 - Bullet passed through the right shoulder pad of Senator Kennedy's suit coat (never entered his body) and traveled upward striking victim Schrade in the center of his forehead. The bullet was recovered from his head and booked as evidence.
- #3 - Bullet entered Senator Kennedy's right rear shoulder approximately seven inches below the top of the shoulder. This bullet was recovered by the Coroner from the 6th cervical vertebrae and booked as evidence.
- #4 - Bullet entered Senator Kennedy's right rear back approximately one inch to the right of bullet #3. This bullet traveled upward and forward and exited the victim's body in the right front chest. The bullet passed through the ceiling tile, striking the second plastered ceiling and was lost somewhere in the ceiling interspace.
- #5 - Bullet struck victim Goldstein in the left rear buttock. This bullet was recovered from the victim and booked as evidence.
- #6 - Bullet passed through victim Goldstein's left pants leg (never entering his body) and struck the cement floor and entered victim Stroll's left leg. The bullet was later recovered and booked as evidence.
- #7 - Bullet struck victim Weisel in the left abdomen and was recovered and booked.
- #8 - Bullet struck the plaster ceiling and then struck victim Evans in the head. This bullet was recovered from the victim's head and booked as evidence.

A Walker's H-acid test was conducted on Senator Kennedy's suit coat in the area of the entrance wounds. This test indicated that the muzzle of the weapon was held at a distance of approximately 12 inches from the coat at the time of all fire.

(Figure # 2)

I HEREBY CERTIFY THAT I HAVE EXAMINED THE ORIGINAL OF THIS DOCUMENT AND THIS REPRODUCTION TO BE A TRUE COPY OF SAME, MADE WITHOUT ALTERATIONS OR ERASURES.

		2	15.7			68-521 466

Powder pattern on Senator Kennedy's ear indicate that the weapon's muzzle was approximately one inch from the ear at the time it was discharged.

The bullet recovered from Senator Kennedy's 6th cervical vertebrae was identified as having been fired from the Iver Johnson revolver recovered from the suspect.

The bullet recovered from Senator Kennedy's head was too badly damaged for comparison purposes.

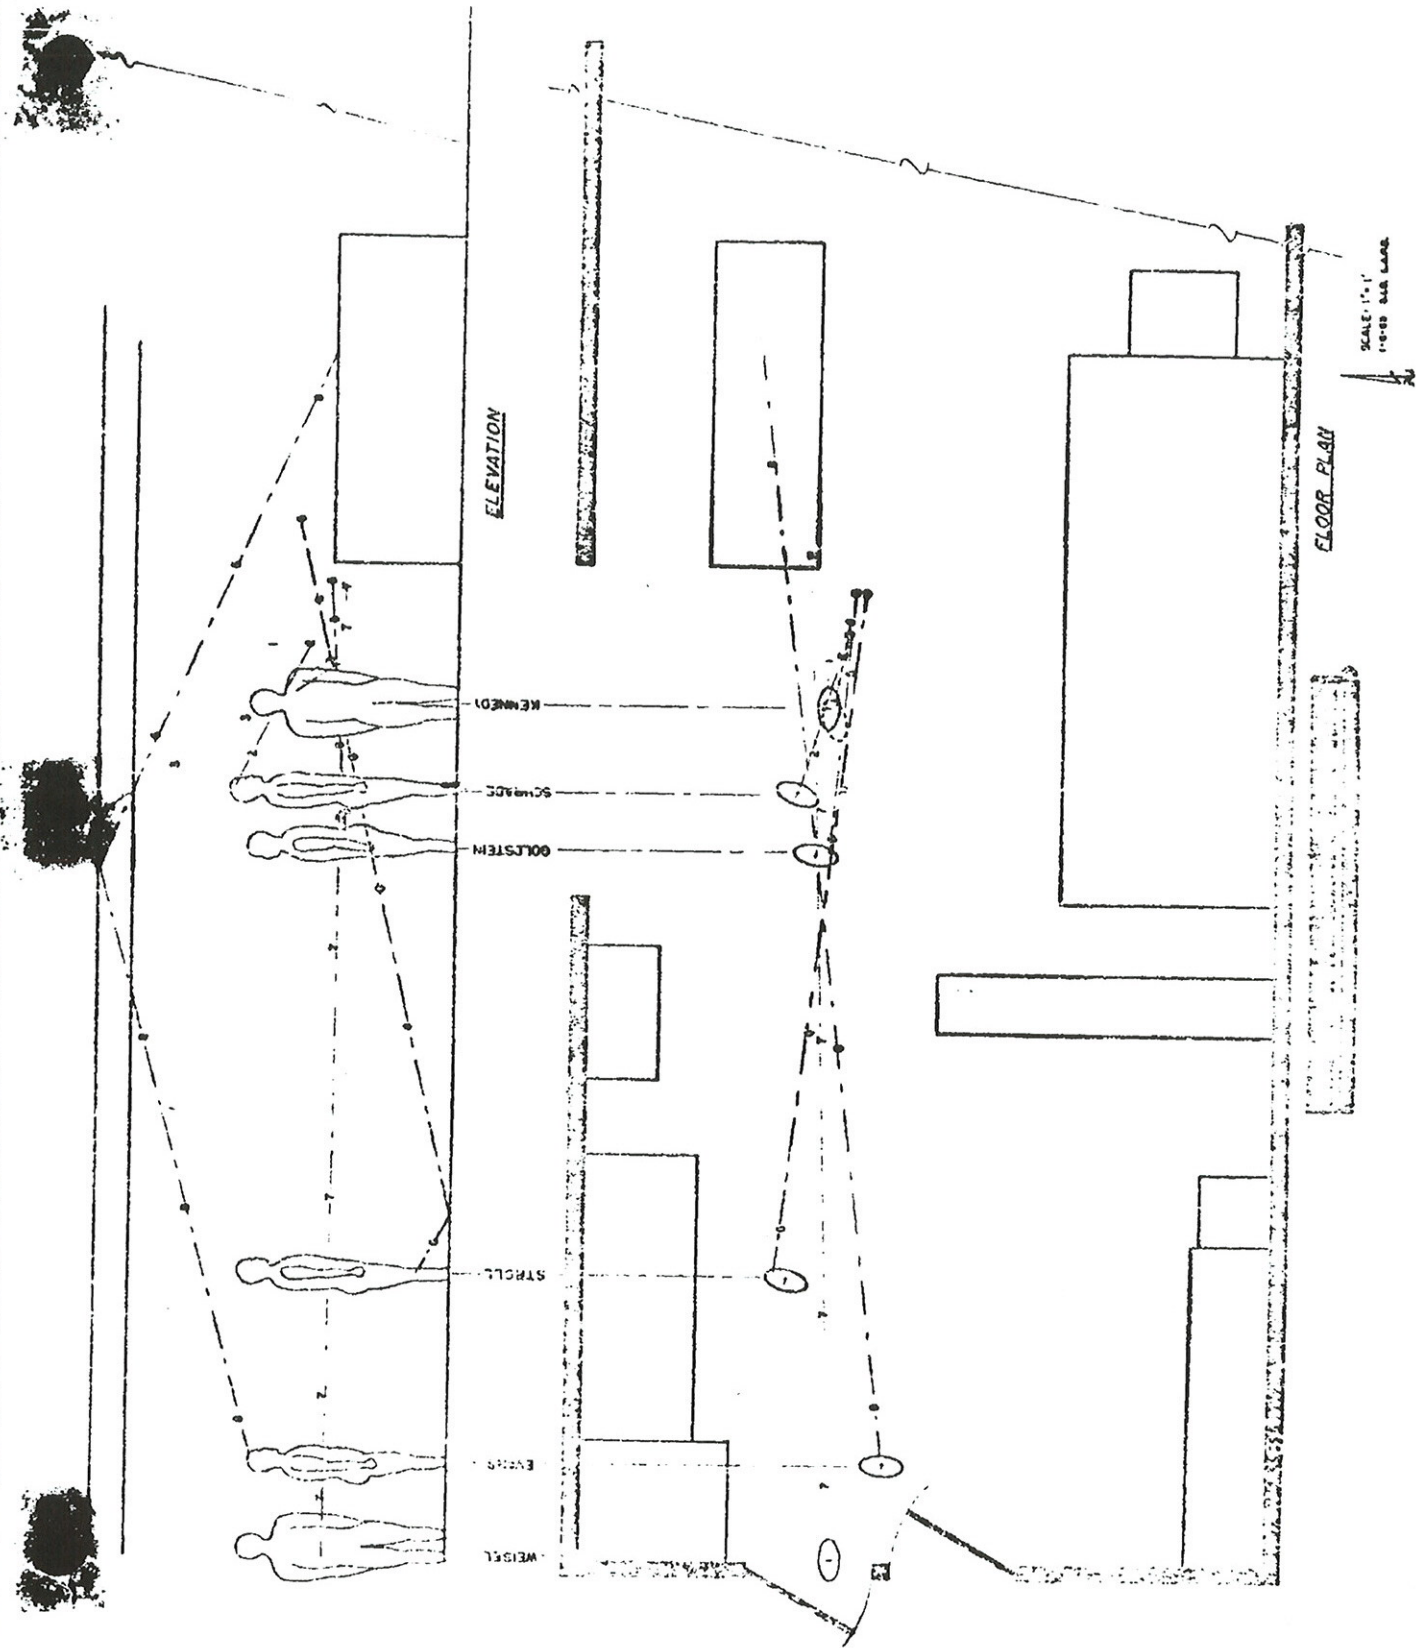

Sound tests were conducted at the Ambassador Hotel to determine if a weapon fired in the kitchen area could be heard on the east fire escape of the Embassy ball room. Sound level meter reading of approximately 1/2 decibels change indicated that a person would not be able to hear a weapon fired in the kitchen area.

(FIGURE # 2A)

THIS IS TO CERTIFY THAT I HAVE EXAMINED THE ORIGINAL OF THE PRODUCTION TO WITHOUT ALTERATION.

Calkins

Captain Fudge also departed for Good Samaritan Hospital, leaving Tinch to supervise the remaining officers at Central Receiving Hospital. Lieutenant Hogue had also left for Good Samaritan Hospital.

Stephen Smith identified himself to Officers R. E. Peters and J. O. Worden as a relative of the Senator. He requested a ride to Good Samaritan Hospital. The officers complied and transported Smith and two other persons to that location. Officers Hansen and Jensen drove Frank Mankiewicz and two other persons to that hospital.

Rafer Johnson who still had Sirhan's gun in his possession was located at Central Receiving Hospital by Intelligence Division Sergeants J. M. Scherrer and J. Horrall. When asked for the gun, Johnson refused to surrender it, insisting he would release it only at "Police Headquarters." The officers agreed to take him to the police station, but Johnson requested to be taken to Good Samaritan Hospital first to check the prognosis of the Senator. Both sergeants complied and later drove him to Rampart Station where he surrendered the gun to Sergeant R. L. Calkins.

Incident at Receiving Hospital after Kennedy's Removal

At 1:15 a.m., numerous sightseers began arriving at the Receiving Hospital. Crowds congregated on the driveways blocking the emergency ingress routes. Others gathered around the grass, the emergency parking lot area and the hospital entrances. Tinch notified Communications of the unruly crowd and requested five additional units to help disperse these people. A Hollenbeck

Jesse Unruh requested he be allowed to ride with the officers transporting Sirhan to Parker Center. Inspector Rock denied Unruh's request and suggested that he ride in another vehicle to that location. Unruh agreed to this arrangement.

1:00 a.m.

Homicide Division Sergeants R. L. Calkins, J. E. Chiquet, E. H. Henderson and M. J. McGann arrived at Rampart Station. All were assigned to interview the initial thirty-three witnesses.

Note: A total of one hundred and twenty-six recorded interviews were conducted by various investigators during the period of June 5, 1968, through June 11, 1968.

Among the first persons interviewed was Rafer Johnson who had Sirhan's gun in his possession. Earlier, Sergeants J. M. Scherrer and J. Horrall had located him at Central Receiving Hospital. Johnson had refused to surrender the gun to anyone other than to a police officer at "Police Headquarters." Johnson was transported to Rampart Station where he reluctantly relinquished possession of the weapon to Sgt. Calkins.

Calkins, while examining the weapon, removed one shell from the chamber to determine its caliber. The remaining seven shells were left in the cylinder for possible prints. Calkins later booked the gun as evidence at the Crime Lab.

Lieutenant R. L. Helder arrived and assumed the duties of coordinating witness interviews.

*Rafe Johnson 1st interview @ Karpis Station
6-5-68*

1 A. Well, see, Rosie--Rosie got the gun like--in other
2 words, Rosie got the gun. The guy's hand was like this.

3 Rosie got in like this and I put my hand over the gun, so we--

4 Q. Both touched it?

5 A. And then someone else was grabbing there--trying to
6 grab it.

7 Q. So you, Rosie Greer--

8 A. And another fellow. I don't know who else was there.

9 SERGEANT CALKINS: Fired every one of them. Just for your
10 information, look at the primer marks on there. Can you see
11 them? See the mark right there?

12 A. Uh huh.

13 SERGEANT CALKINS: There, there, there, all the way around.

14 A. Uh huh.

15 SERGEANT CALKINS: Three, six, eight--

16 A. Ten.

17 SERGEANT CALKINS: No wonder everybody's laying on the
18 ground.

19 Q. We have an Iver--

20 SERGEANT CALKINS: Iver-Johnson--

21 Q. Iver-Johnson Cadet, model 55-A.

22 SERGEANT CALKINS: More of these goddamn guns kill more
23 people--

24 Q. Model number 50--number 56-SA. The serial number is
25 H-53725--

26 SERGEANT CALKINS: Eight shots expended. You know more

1 Q Would that indicate perhaps just generally
2 the type of struggle that you approached and are now
3 testifying concerning?

4 A Yes, sir.

5 Q I'd like to show you now, if I may, People's
6 Exhibit 8 in evidence.

7 Again you will see a photograph. There
8 perhaps in the center, we might say, is Mr. Grier?

9 A Yes, sir.

10 Q And there is a back of a head behind or I
11 guess it would be in front of Mr. Grier. Is that a
12 fair statement?

13 A Yes, sir.

14 Q Would you recognize that person's head?

15 A That's me, sir.

16 Q Would you mark that for us, Mr. Johnson?

17 Just draw a line down to it.

18 (Witness does so.)

19 Q Would that be a fair pictorial representation
20 of the general scene there as you struggled for the gun?

21 A Yes, sir.

22 Q Did someone take the gun in their possession?

23 A Yes, sir, I -- Roosevelt Grier had his hand
24 on the gun and I had my hand on the gun; Roosevelt
25 Grier let go and I took the gun.

26 Q I'd like to show you now People's Exhibit 6

1 in evidence.

2 Would you like to examine that, first of all as
3 to coloration.

4 Does that appear to be similar to the size
5 and color of the gun that you took?

6 A Yes, sir.

7 Q After you took the gun what did you do with
8 it?

9 A I put the gun in my coat pocket, left
10 coat pocket.

11 Q And did you later remove it?

12 A Yes, I later removed it when I turned it
13 over to the officers, but it never left my possession,
14 in fact it never left my left hand until I turned it
15 over to the officers.

16 Q Do you recall the name of the officer, sir?

17 A I have it written down.

18 MR. COOPER: You can lead the witness, Counsel.

19 MR. FITTS: Was it Sergeant Calkins?

20 A Yes, sir.

21 MR. HOWARD: Sergeant Calkins of the Homicide Squad?

22 A Yes, sir.

23 Q And do you recall how much after the shooting
24 did you deliver the gun to him?

25 A After the shooting I went to Central
26 Receiving and was there for a while, and left there to go

Technical data for radiographs of wounds of entry and exit: 90 KV, 100 MA and 1/2 second exposure. The film suggested by Drs. Scanlan and Camp and used for these studies was Eastman Industrial type, affording superior contrast and resolution.

The above studies having been completed and all films processed and dried, the undersigned left The Hospital of The Good Samaritan at 7:25 P.M., to take the above items to the Hall of Justice. Colonel Finck had previously left the hospital (at 7:00 P.M.) for the purpose of returning the brain and other specimens (excluding the tissues containing wounds of entry and exit) to the Office of The Chief Medical Examiner-Coroner for further evaluation by the Neuropathologist. The undersigned returned the gunshot wound specimens to the office, along with the above described films.
